Iso Standards For Tea:

Sri Lanka's Tea Industry Ridwan Ali,1997-01-01 World Bank Discussion Paper No 367 Many developing countries enforce seed regulations and other policies that obstruct private companies from operating and delivering new technology This volume presents recommendations and selected papers from an international workshop organized by the World Bank in 1995 to review seed policies and to develop recommendations on ways of easing entry barriers for certain varieties of seeds in developing countries The papers and discussions identified reforms to speed the flow of private seed technology to these countries with a particular focus on reforms and their impacts in Bangladesh India Peru and Turkey **Tea** K.C.

Willson,M.N. Clifford,2012-12-06 Tea is a unique crop and incidentally a very interesting and attractive one The tea bush its cultivation and harvesting do not fit into any typical cropping pattern Moreover its processing and marketing are specific to tea Thus the Tea Industry stands apart and constitutes a self contained entity This is reflected in the title given to this book Tea Cultivation to consumption and its treatment of the subject The book is logically planned starting with the plant itself and finishing with the traditional cuppa Every aspect of tea production is covered inevitably some in greater detail than others However it gives an authentic and comprehensive picture of the tea industry The text deals in detail with cultural practices and research where desirable on a regional basis The technology of tea cultivation and processing has been developed within the industry aided by applied research which was largely financed by the tea companies themselves This contributed to a technically competent industry but tended to bypass the more academic and fundamental investigations which might bring future rewards The sponsorship of research has now widened and the range and depth of tea research has increased accordingly The editors and authors of this book have played their part in these recent developments which are well reported in the book
