Sally Mann Immediate Family

Sally Mann, Reynolds Price

Sally Mann Immediate Family:

Mann? Sally Mann, Reynolds Price, 2015-06-30 First published in 1992 *Immediate Family* has been lauded by critics as one of the great photography books of our time and among the most influential. Taken against the Arcadian backdrop of her woodland summer home in Virginia, Sally Mann's intimate photographs of her children reveal truths that embody the individuality of her own family yet ultimately take on a universal quality. With sublime dignity, acute wit, and feral grace, Sally Mann's pictures explore the eternal struggle between the child's simultaneous dependence and quest for autonomy. This reissue of *Immediate Family* has been printed using new scans and separations from Mann's original prints which were taken with an 8 by 10 inch view camera, rendering them with a freshness and sumptuousness true to the original edition. Sally Mann was born in Lexington, Virginia, in 1951. Her work has been exhibited around the world and is held by such institutions as the Metropolitan Museum of Art, The Museum of Modern Art, and Whitney Museum of American Art, all in New York; San Francisco Museum of Modern Art; and Tokyo Metropolitan Museum of Photography. She has received numerous honors, including a doctorate from the Corcoran College of Art and Design, Washington, D.C., and a Guggenheim Memorial Foundation fellowship.

Modern Art Museum of Fort Worth 110 Modern Art Museum of Fort Worth, Michael Auping, 2002 Together they present a broad range of styles and media from oil, acrylic, and mixed media paintings and drawings to photography, sculpture, installation art, and video and digital imagery.

Immediate Family Sally Mann, Reynolds Price, 1992 Mann's subjects are her small children, a boy, a girl, and a new baby, often shot when they're sick or hurt or just naked. Nosebleeds, cuts, hives, chicken pox, swollen eyes, vomiting—the usual trials of childhood—can be alarmingly beautiful, thrillingly sensual moments in Mann's portrait album. Her ambivalence about motherhood, her delight and despair, pushes Mann to delve deeper into the steaming mess of family life than most of us are willing to go. What she comes up with is astonishing.

Vince Aletti, *The Village Voice*

[Hybridity in Life Writing](#) Arnaud Schmitt, 2024-04-28 This book offers new perspectives on text-image hybridity in the context of life writing. Each chapter explores the very topical issue of how writers and artists combine two media in order to enhance the autobiographical narrative and experience of the reader. It questions the position of images in relation to text, both on the page and in terms of the power balance between media. It also shows how hybridity operates beyond a semantic and cultural balance of power, as the combination of text and images are able to produce content that would not have been possible separately. Including a range of life writing and different visual media from paintings and photography to graphic memoirs and social media, this edited collection investigates the point at which an image, whether fixed or moving, enters the autobiographical act and confronts the verbal form.

Ambition & Love in Modern American Art Jonathan Weinberg, 2001-01-01 Focusing on extreme moments in the careers of Jean-Michel Basquiat, Walker Evans, David Hockney, Sally Mann, Georgia O'Keeffe, Jackson Pollock, Alfred Stieglitz, Andy Warhol, and others, Weinberg explores how these individuals struggled to gain or maintain the attention of an increasingly jaded audience.

BOOK JACKET **Intensities**

and Lines of Flight Antonio Calcagno, Jim Vernon, Steve G. Lofts, 2014-05-08 The writings of Gilles Deleuze and Felix Guattari offer the most enduring and controversial contributions to the theory and practice of art in post war Continental thought However these writings are both so wide ranging and so challenging that much of the synoptic work on Deleuze Guattarian aesthetics has taken the form of sympathetic exegesis rather than critical appraisal This rich and original collection of essays authored by both major Deleuzian scholars and practicing artists and curators offers an important critique of Deleuze and Guattari s legacy in relation to a multitude of art forms including painting cinema television music architecture literature drawing and installation art Inspired by the implications of Deleuze and Guattari s work on difference and multiplicity and with a focus on the intersection of theory and practice the book represents a major interdisciplinary contribution to Deleuze Guattarian aesthetics

Criticizing Photographs Terry Barrett, 2020-11-29 Emphasizing the understanding of images and their influences on how they affect our attitudes beliefs and actions this fully updated sixth edition offers consequential ways of looking at images from the perspectives of photographers critics theoreticians historians curators and editors It invites informed conversations about meanings and implications of images providing multiple and sometimes conflicting answers to questions such as What are photographs Should they be called art Are they ethical What are their implications for self society and the world From showing how critics verbalize what they see in images and how they persuade us to see similarly to dealing with what different photographs might mean the book posits that some interpretations are better than others and explains how to deliberate among competing interpretations It looks at how the worth of photographs is judged aesthetically and socially offering samples and practical considerations for both studio critiques for artists and professional criticism for public audiences This book is a clear and accessible guide for students of art history photography and criticism as well as anyone interested in carefully looking at and talking about photographs and their effects on the world in which we live

Hold Still Sally Mann, 2015-05-12 This National Book Award finalist is a revealing and beautifully written memoir and family history from acclaimed photographer Sally Mann In this groundbreaking book a unique interplay of narrative and image Mann s preoccupation with family race mortality and the storied landscape of the American South are revealed as almost genetically predetermined written into her DNA by the family history that precedes her Sorting through boxes of family papers and yellowed photographs she finds more than she bargained for deceit and scandal alcohol domestic abuse car crashes bogeymen clandestine affairs dearly loved and disputed family land racial complications vast sums of money made and lost the return of the prodigal son and maybe even bloody murder In lyrical prose and startlingly revealing photographs she crafts a totally original form of personal history that has the page turning drama of a great novel but is firmly rooted in the fertile soil of her own life
