Love Opened Heaven's Door Bill Hoffman, 2012-12-13 There is a relatively safe and sane spiritual walk for the Christian and God's love is the source. This book brings good teaching from a variety of teachers, writers, and an outpouring of love, sense, and sensitivity, forgiveness, and acceptance in the Christian walk. God the Father in methods past has revealed His personality in all its fullness in His Son. The life of Christ is the source for a spiritual walk in the open air without surrender to mystery. Our Christian philosophy should be consistent with reality, make sense, and be practical. Dr. Alva J. McClain has written this clearly, and his statements are a part of this book. Disillusionment feeds on the word "allow" because it implies that God is the cause or authority behind all events. Pastor author Rick Warren makes a powerful statement quoted in this book about evil and its real cause. What are some of the causes of good and bad things? Does God allow accidents, sickness, and evil? Christianity does not begin with walking; it begins with sitting, wrote Watchman Nee. This book starts with the sitting place in the Christians' permanent home with Christ.

All Things In Christ Theodore Austin-Sparks, 2011-09-13 ALL THINGS IN CHRIST. God's answer to everything. God's explanation of everything. God's means of realizing everything is a Man, the man Christ Jesus. When this world has run its evil course, this inhabited earth will be judged in a Man. Men will be judged by what their inward relationship is to that Man. The question at the judgment will never be of how much good or bad, right or wrong, more or less is in a man; it will turn upon this one point: Are you in Christ? If not, more or less makes no difference. God's intention. God's proclamation is that all things are in His Son. Are you in Him? Why not? The basis of judgment is very simple. It is all gathered up in a Man, and what is in that Man of God for us? That is the basis of judgment. It all comes back to the very simple and yet comprehensive and blessed truth that it is what Christ is that satisfies God, reaches God's end, and meets all our need. It is all summed up in a Man, the man Christ Jesus. T. A. S.

The Seer Jim W. Goll, 2004 The prophetic movements in church history and in contemporary life are fed by two mighty streams: the prophet whose revelation is primarily verbal and the seer whose revelation is more visionary in nature. While the role of the prophet is familiar, less is known about the seer dimension. To many people, these visionary prophets remain mysterious, otherworldly, and even strange.

Christianity in the Modern World Afe Adogame, Elizabeth Olson, 2016-05-23 What is the state of Christianity today, and what might it look like in the future? In the West, the story for a long time has revolved around decline and the loss of monopoly status, but how are these shifts changing the practice of Christianity or individual belief? Similarly, the rapid growth of Christianities in the Global South has been well reported, but the continuing

complex intersections of mission Christianity with indigenous religions are less well known Large scale flows of people across increasingly fluid borders mean that not only does immigration sometimes significantly boost Christian numbers in a given country but that different forms of Christianity shift traditional religious landscapes How will emerging trends such as reverse mission from the Global South affect Christianities in areas more used to sending rather than receiving missions As the majority of believers shifts from the West to the Global South how will issues such as homosexuality be played out theologically politically and individually Will new virtual churches manage to create viable long term communities How does new festival Christianity function in the religious life of an individual The divergent and oftentimes contradictory state of Christianity in the modern world fuels questions about its place and future in the world in politics education and healthcare This book brings together cutting edge research on the most recent changes and trends in Christianity worldwide

Contributors drawn from the USA UK and Europe Africa and East Asia offer an invaluable breadth of coverage expertise and disciplinary perspective at the intersections between sociology of religion theology politics education and human geography
