Jamie's America Jamie Oliver,2010-10-05 The incredible diversity in American cooking was a real revelation to me So although I went looking for quintessential American food my conclusion is that there is no such thing instead there s a huge wealth of seriously exciting dishes Many of us outside of America may think we already know all there is to know about it from movies or the occasional holiday but the truth is that this doesn t even scratch the surface In many ways the country is still a bit of a mystery to us This trip was my chance to explore the ingredients food culture and traditions within this incredible country I felt that I knew cities like New York and Los Angeles pretty well but this time I ventured beyond the neighborhoods I was familiar with and into areas better known for their immigrant communities I was rewarded with some of the most incredible food I ve ever tasted The story was the same when I moved beyond the big cities Whether it was Creole cooking in Louisiana or soul food in Georgia the Mexican influences in Arizona or the hearty cowboy cuisine of Big Sky Country every place I went had its unique treasures I came back with more recipes than I knew what to do with and although it was tough I managed to narrow this book down to 120 of my absolute favorites These are my takes on some of the best food I came across as well as a few things I made up along the way I hope you enjoy them and maybe even discover new and inspiring sides to America you ve never seen before Enjoy
