Servants of God, Slaves of the Church Lisa Kaaren Bailey, 2026-03-15
In *Servants of God, Slaves of the Church*, Lisa Kaaren Bailey uncovers the surprising intimacy between sacred devotion and coerced labor in early medieval Europe. From queens who scrubbed monastery floors to enslaved women forced into lifelong service, acts of humility and acts of subjugation often looked the same and were interpreted through the same religious lens. Drawing from sermons, letters, miracle stories, and hagiographies, Bailey shows how metaphors of service shaped not only elite piety but also the lived experience of those at the very bottom of the social order. This is a story of lives that were often absent from the historical record: those who lit church lamps, laundered liturgical linens, and sustained Christian worship through their unseen labor. Bailey weaves together theology, cultural history, and feminist historiography to trace how Christian ideas about virtue, sin, and the will both justified unfreedom and offered tools to contest it. Her use of critical fabulation animates the archive without fictionalizing it, allowing glimpses of agency in places where it was rarely recorded. By placing the metaphor of service alongside its social reality, *Servants of God, Slaves of the Church* reshapes how we think about labor, power, and religious meaning in the centuries after Rome. A deeply informed work of both historical scholarship and moral insight, this book gives voice to the voiceless and demands a reconsideration of what it meant to serve God.

[The Carceral State, Forensic Psychology, and Black Resistance](#) Evan Auguste, 2025-07-14
This volume outlines the theoretical and ethical commitments for forensic psychologists in the struggle for Black liberation and details areas of focus for practice and research. It aims to highlight how Black forensic psychologists have historically engaged in these areas through the lens of Black psychology. The chapters that follow extensively cover the often-overlooked relationship between forensic psychology and Black liberation, including chapters on Black forensic psychologists whose work contributed to political movements, the psychologist's role in supporting reparations movements, the importance of community healing collectives as alternatives to incarceration and policing, and recommendations for introducing Black psychology into forensic practice. Examining the role of forensic psychology within America's racialized carceral systems, this book critically analyzes how psychological research and practice influence legal and material outcomes for Black individuals. Grounded in historical context and contemporary case studies, it offers essential insights for practitioners, activists, and scholars committed to challenging the systemic harms that disproportionately affect Black communities within the most incarcerated nation in the world.

This book is essential carry-on luggage for traveling through hard times. It will bring you comfort, challenge you, and give you inspiration. Traci Brown, author of *Persuasion Point*, says struggle is the great equalizer.
