In The Country Of Last Things Paul Auster:

In the Country of Last Things Paul Auster, 1988-05-02 From New York Times bestselling author Paul Auster a dystopian post apocalyptic novel reminiscent in many ways of Orwell s 1984 The Atlanta Journal Constitution Powerful original imaginative and handled with artistry One of the better modern attempts at describing hell The Washington Post Book World In a distant and unsettling future the masses are homeless theft is so rampant it is no longer a crime and death by arranging either a suicide or an assassination is the only way out It is in these circumstances that Anna Blume begins her search for her brother a one time journalist who may or may not still be alive in an unnamed city whose destitute inhabitants dig through garbage and elusive government provides nothing but corruption In her struggle to survive Anna becomes a scavenger of objects from the past to sell for food and shelter But she will also find friendship and even love in this devastated world In the Country of Last Things is a tour de force that reaffirms Paul Auster s stature as one of the most accomplished and singular talents of his generation

The World that is the Book Aliko Varvogli, 2001-01-01 The World that is the Book offers an in depth analysis of Paul Auster s fiction It explores the rich literary and cultural sources that Auster taps into in order to create compelling stories that investigate the nature of language the workings of chance and the individual s complex relations with the world at large Whereas most Auster criticism has concentrated on readings of individual novels this book emphasizes the continuity in Auster s writing by discussing throughout the philosophical underpinnings that lead the author to question the boundaries separating the fictional from the factual and the real from the imagined

Postmodern Counternarratives Christopher Donovan, 2005-02-10 This book provides a wide ranging discussion of realism postmodernism literary theory and popular fiction before focusing on the careers of four prominent novelists Despite wildly contrasting ambitions and agendas all four grow progressively more sympathetic to the expectations of a mainstream literary audience noting the increasingly neglected yet archetypal need for strong explanatory narrative even while remaining wary of its limitations presumptions and potential abuses Exploring novels that manage to bridge the gap between accessible storytelling and literary theory this book shows how contemporary authors reconcile values of postmodern literary experimentation and traditional realism

Minimalism and Affect in American Literature, 1970-2020 Oliver Haslam, 2024-09-05 Theorizes the development of a minimalist mode in American fiction since 1970 frequently seen to interrogate US postmodernity

Borderlands and Liminal Subjects Jessica Elbert Decker, Dylan Winchok, 2017-11-15 Borders are essentially imaginary structures but their effects are very real This volume explores both geopolitical and conceptual borders through an interdisciplinary lens bridging the disciplines of philosophy and literature With contributions from scholars around the world this collection closely examines the concepts of race nationality gender and sexuality in order to reveal the paradoxical ambiguities inherent in these seemingly solid binary oppositions while critiquing structures of power that produce and police these borders As a political paradigm liminality may be embraced by marginal subjects and communities further blurring the boundaries

between oppressive distinctions and categories A Paul Auster Sourcebook Carsten Springer,2001 Both in the academic context and in secondary education Paul Auster s works enjoy a lasting popularity as study texts from the field of late twentieth century American fiction For the interpretation of this author s writings however it has proved indispensable to take into account the autobiographical and literary allusions which occur in his books and the cross references among them This volume answers to the need for accurate information by providing detailed material on the allusions and references in Auster s works Furthermore the book also contains data on earlier versions of Auster publications this material was compiled after a study of the novelist s original manuscripts and the most comprehensive bibliography of Auster s writings and criticism of his work to date *Surviving Entropy in "In the Country of Last Things" (1987) by Paul Auster* Daniella Marie-Laurence Govindin,2005 *Game Over?* Christophe Chalamet,Andreas Dettwiler,Maribel Mazzocco,Ghislain Waterlot,2017-09-11 Modern science informs us about the end of the universe game over is the message which lies ahead of our world Christian theology on the other hand sees in the end not the cessation of all life but rather an invitation to play again in God s presence Is there a way to articulate together such vastly different claims Eschatology is a theological topic which merits being considered from several different angles This book seeks to do this by gathering contributions from esteemed and fresh voices from the fields of biblical exegesis history systematic theology philosophy and ethics How can we make sense today of Jesus and the New Testament s eschatological message How did he his early disciples and the Christian tradition envision the end of the world Is there a way for us to articulate together what modern science tells us about the end of the universe with the biblical and Christian claims about God who judges and who will wipe every tear Eschatology has been at the heart of Christian theology for 100 years in the West What should we do with this legacy Are there ways to move our reflection forward in our century Scholars and other interested readers will find here a wealth of insights

Postmodernism and the Fin de Siècle Gerhard Hoffmann (Dr. phil.),Alfred Hornung,2002 This volume the fourth in a series of publications concerned with the analysis of postmodern American culture takes up the issue of postmodernism its functions and meanings at the threshold to a new century and millennium Critics from Europe and the United States all of them specialists in postmodern criticism examine various approaches to the emotionally charged fin de siecle and millennial sentiments from the perspectives of various disciplines such as literary and cultural criticism history feminism religious studies philosophy sociology and theater and media sciences The articles represent the broad spectrum of postmodern strategies of survival in the confrontation with millennarian anxieties fears and panic Orientation and Disorientation in Paul Auster's In the Country of Last Things and in The New York Trilogy Delphine Bénézet, Beckett in Popular Culture P.J.
