International Business Environments And Operations 14:

International Business Operations and the Impact of Political Environment Rashid Saber,2006-04-24 This study attempts to develop a conceptual frame work to deal with operations and management in a foreign business environment The study develops a measure for business financial performance by employing factor analysis methods to integrate three profit related ratios derived from Modified DuPont Model utilizing financial performance data from 630 multinational companies ranked in Business Week s Global 1000 report between years 1994 1997 In the analysis of multinational companies cases approximately 400 sets of financial data Return Assets Return Revenues Return Equity were categorized and computed for intercorrelations and development of the financial performance index A new financial performance measure was derived and termed the Financial Performance Index or FPI Indices trends for 4 years were generated and compared among four parent countries France Germany Japan and U S across four selected industry groups i e automobile pharmaceuticals electric and electronic equipments and banking In the analysis of the multinational companies data the financial performance index exhibited patterns and trends which varied by country and across industry groups moreover they added analytical depth when interpreted along with market shares and sales mode To test the hypothesis that a multinational company s financial performance in foreign business environment is linearly related to the host country s political conditions Twelve political uncertainties indicators independent variable in thirteen host countries were chosen to test for linear relationship with the level of financial performance index dependent variables Five equations were formulated to predict the Financial Performance Indices of the four selected industries and the country composite A step wise method of multiple regression analysis was employed to measure and determine a predication equation with most favorable financial performance in thirteen host countries of four major industries i e automobile pharmaceuticals electric and electronic equipments and banking The combination of political risk indicators in the host country can explain the variations of the country composite FPI and the FPI across four selected industries Results of multiple regression analysis support the hypothesis enabling prediction of the FPI as well as analysis of the differential importance of the political risk indicators A model of international business operations was fully developed to be applied as a conceptual framework for further research and practical applications in the field of international business operations

The International Business Environment Leslie Hamilton,Philip Webster,2012-01-19 The International Business Environment Second Edition prepares students for the realities of global twenty first century business Building on the success of the previous edition it employs a wide range of examples from BRIC and CIVETS economies and offers chapters on CSR the ecological environment and corporate social responsibility Authors Leslie Hamilton and Philip Webster discuss the process of globalization the global economy and the impact of that economy on international business organizations Using a PESTLE framework they analyze the economic political legal financial technological socio cultural and ecological environments clearly outlining the factors that affect the

everyday business of organizations Adopting a truly international approach this full color visually engaging text features a wealth of examples and case studies Each chapter begins and ends with a one page case study and fifty additional mini cases address such compelling issues as civil unrest in North Africa the Japanese earthquake and tsunami Wikileaks and Google in China Organizations including BP Dell Domino s Pizza Apple and Procter Gamble are featured throughout the book A Companion Website offers numerous resources for students and instructors

Business Environment in a Global Context Andrew Harrison,2016-10-14 Andrew Harrison has expertly authored this engaging text on the business environment offering theoretical rigour along with a truly global focus and an understanding of the economic dimensions of the subject The text takes a unique approach exploring the business environment at different spatial levels global international national and regional in different dimensions culture ethics internationalization markets technology and risk and in the main geopolitical regions Europe the Americas Asia and Africa The text is packed with up to date case studies that demonstrate how international companies are affected by and deal with serious global issues ranging from the Arab uprising to the growing influence of the BRIC countries Practical insights interspersed in each chapter provide balanced commentary on the key issues and topics discussed with further research being prompted by related questions The text is accompanied by an Online Resource Centre which includes For Students Chapter and case study updates Emerging issues Annotated web links Ideas for research topics For Lecturers Lecture notes PowerPoint slides Assignment scenarios and questions Guidance on discussion questions and cases Figures and tables from the text

International Business Peter J. Buckley,Peter Enderwick,Hinrich Voss,2022 Now in its second edition and in collaboration with their contributing authors world renowned academics Peter J Buckley FBA OBE Peter Enderwick and Hinrich Voss draw on their wealth of experience and expertise to present a truly global text on international business The Global Factory framework developed by Peter J Buckley forms an overarching coherent and accessible model for understanding how businesses operate globally Synthesising perspectives from economics social anthropology political economy and management International Business also provides a multitude of examples case studies and insights from across the globe that link theory to management practices all to equip you for the challenges faced in the business world today Engaging examples include internationally recognised companies such as Nike Ben and Jerry s TikTok and Maersk as well as organizations from emerging markets such as Saudi Arabia Brazil and Turkey Opening cases discuss real challenges faced by international businesses inviting you to discuss and devise your own solutions while closing cases and IB Insights offer opportunities to further reflect on international business practices at real global companies Stretch your critical thinking skills by engaging with the Topics for Debate and build strong academic understanding by looking at the Research Insights which introduce key scholarship and provide commentary on seminal international business research This fully revised and more concise edition is your ideal guide to international business An exciting development for this new edition the enhanced e book offers an even more flexible and seamless way to learn www

oxfordtextbooks.co.uk/ebooks This book is accompanied by the following online resources For students Links to seminal articles as highlighted in the Research Insights feature Online activities to develop skills in research data collection and analysis Web links to sources of data each accompanied by critical commentary Multiple choice questions with instant feedback IB decision aids to explore real decision making tools used by managers For lecturers A case study bank Additional shorter and longer case studies with exemplar answers Links to video clips accompanied by short paragraphs of critical commentary Comprehensive customisable PowerPoint slides Test bank Tutorial activities Suggested assignment questions Instructor's manual including a guide to teaching the Global Factory framework and guidance from the authors on the case study questions IB challenges and Topics for Debate features

International Business Oded Shenkar, Yadong Luo, 2008
Written by two leading international business scholars the Second Edition of International Business takes a truly global perspective that goes beyond the United States presents the latest concepts tools and events and adopts integrated and problem solving approaches for all chapters The book highlights the role of culture politics and legal issues in international business and illustrates how they influence institutions structures and processes that permeate all functions of business This is the only international business textbook that offers dedicated discussion of small and mid size international firms where many students are likely to be employed in addition to large multinational enterprises It is also the only text to offer chapters on corruption e-commerce and international entrepreneurship The book offers a highly integrated and action focused approach to the field that helps the reader make explicit connections across concepts and functions develops the skill to address various IB issues and problems and most importantly broadens understanding of the global business environment and its repercussions for executives In addition to superior internal integration of the various issues discussed in the book for example this may be the only IB text where the chapter on finance and accounting has specific references to culture and how it affects those functions the book provides easy to understand links to functional business areas thus enabling better integration within the BA or MBA business curriculum This book is suitable for both undergraduate and graduate business students taking such courses as international business international Management Global Business Global Business Strategy Multinational Management Foreign Direct Investment

International Business 3E Les R. Dlabay, 2006
