Introduction Globalization And International Trade:

Globalization and International Trade Policies Robert Mitchell Stern, 2009 This book brings together a collection of papers that Robert M Stern and his co authors have written in recent years The collection addresses a variety of issues pertinent to the global trading system One group of papers deals with globalization in terms of what the public needs to know about this phenomenon and the role of the World Trade Organization WTO whether some countries may be hurt by globalization how global market integration relates to national sovereignty and how and whether considerations of fairness are and should be dealt with in the global trading system and WTO negotiations A second group of papers consists of analytical and computational modeling studies of multilateral regional and bilateral trading arrangements and negotiations from a global and national perspective for the United States and other major trading countries The remaining papers include an empirical analysis of barriers to international services transactions and the consequences of liberalization and issues of international trade and labor standards
