0:00:10	<p>"Who controls the past controls the future.</p> <p>Who controls the present controls the past."</p>	<p>Society is controlled and directed by those at the top who wish to move people in a certain direction as quickly as possible; the direction is in accordance with the beliefs and desires of society's dominant minority, or ruling oligarchy as Aldous Huxley (author of <i>Brave New World</i>) called it. Because people normally prefer not to change quickly, but to maintain existing traditions, habits, and routines, the past is an obstacle to social controllers' desires and plans for the future. If the social controllers use their power over the present to manipulate historical records and memories of the past, they can change the direction of society more quickly because people will resist much less. If people have no past, no traditions, no roots, they are essentially floating alone in space and can be directed, moved, and controlled more easily by a dominant power like the government. Therefore, by controlling the present, you are in a position to manipulate the past, which allows you to choose the future.</p>
