**Self-Defense in Mexico** Luis Hernández Navarro, 2020-03-02 In Mexico and across other parts of Latin America local Indigenous peoples have built community policing groups as a means of protection where the state has limited control over and even complicity in crime and violence Luis Hernández Navarro a leading Mexican journalist offers a riveting investigation of these armed self defense groups that sprang up around the time of the 1994 Zapatista uprising in Chiapas Available in English for the first time the book spotlights the intense precarity of everyday life in parts of Mexico Hernández Navarro shows how the self defense response which now includes wealthier rancher and farmer groups is being transformed by Mexico's expanding role in the multibillion dollar global drug trade by foreign corporations extraction of raw minerals in traditionally Indigenous lands and by the resulting social changes in local communities But as Hernández Navarro acknowledges self defense is highly controversial Community policing may provide citizens with increased agency but for government officials it can be a dangerous threat to the status quo Leftists and liberals are wary of how the groups may be linked to paramilitary forces and vulnerable to manipulation by drug traffickers and the government alike This book answers the urgent call to understand the dangerous complexities of government failures and popular solutions **Leader** Katy Granville-Chapman, Emmie Bidston, 2020-06-30 What exactly is it that good leaders do to enable their teams to succeed How do they think What do findings from neuroscience teach us about effective leadership **Leader** explores and answers these crucial questions In this wide ranging book Katy and Emmie eloquently combine up to date research in psychology and neuroscience with inspiring examples of success to show that leadership can be learned and that it is all about looking after your people They take you on a journey to meet a diverse selection of great leaders from multiple spheres from the sports field to the corporate world and talk you through the process by which effective leaders have become great leaders The secret lies in mastering three key principles know your people love your people inspire your people These three principles form the core of the book which also provides a range of practical activities designed to help you reflect on your own and your team's progress and performance The authors contend that leadership which focuses on the flourishing of people is not only intrinsically valuable but is also the most important factor in achieving success in any domain To provide proof the book features inspiring examples of leaders who have made a significant impact in their organisation alongside insightful analysis of how and why effective leaders outperform others not just in terms of results but even more importantly through the contributions they make to people's lives Practical evidence based and optimistic this book is suitable for both aspiring and established leaders All royalties from sales of this book will be donated to The Prince's Trust Find more helpful information at [www.leaderknowloveinspire.com](http://www.leaderknowloveinspire.com) **Leader** was highly commended in the leadership for the future category of the Business Book Awards 2021 **Leader** was longlisted in the CMI Managers Management Book of the Year Award 2021 *Pep Guardiola* Guillem Balague, **Pep Guardiola. Otra manera de ganar** Guillem Balagué, 2013-04-11 *Pep Guardiola Otra manera de ganar* es la primera biografía internacional de Pep Guardiola y un éxito de ventas en el mundo anglosajón El presente libro

explica cómo el entrenador del Barcelona consiguió un éxito extraordinario de títulos cómo cambió el fútbol a la vez que obtuvo éxitos y cuál era su verdadera relación con los futbolistas clave durante los maravillosos cuatro años en que estuvo a cargo del mejor equipo del mundo quizá de la historia Pero es mucho más El autor la cara del fútbol español en el Reino Unido consiguió conversar con Guardiola cuando Pep no concedía entrevistas y charlaba con las personas más influyentes de su entorno y con los principales futbolistas del Barcelona además de entrenadores y jugadores rivales que sufrieron el talento blaugrana Entre ellos sir Alex Ferguson que pese a perder dos finales de la liga de campeones contra el Barcelona admira a Guardiola Pero para Pep el triunfo iba acompañado de cierto drama personal cada partido era uno menos en la vida nunca sintió ser lo suficientemente bueno en su trabajo sus disputas con Mourinho le hicieron dudar y padecer enormemente tomando decisiones Por eso es también otra manera de ganar

**The assistant manager of football** Denis Silva Puig, 2020-04-15 The assistant manager has existed for decades and is a standard figure within the coaching staff with specific roles functions and responsibilities However I find it strange that nobody has yet described this profession formally I used to only be a team manager until one day I was proposed to be the assistant manager of U18 team of FC Barcelona That is when I started thinking about writing this book moved by my desire to continue learning If I wanted to train in my new role I could only do it by asking others and observing training sessions But I was missing one of the pillars that has forever supported my training studying and reading With this book I hope to cover that lack of information The book is divided into two parts the first is based on describing the assistant manager in professional football and I have not found a more practical way to do it than through interviews with assistant managers Each interviewee has contributed his experiences from working with the most recognized football team managers I am talking about people who have worked with Vicente del Bosque Ernesto Valverde Luis Enrique Pep Guardiola Mauricio Pochettino Sergio González Quique Sánchez Flores and Paulo Sousa The second part of the book is related to Youth football which I have experienced in clubs like Atlético de Madrid and FC Barcelona I propose the role of the assistant manager working in Youth football to be more formative and educational than what is currently given and I want to direct their effort towards two dimensions the team's sporting performance which the vast majority do and the individualized analysis of the young player which very few do This second dimension is described in the last chapter to demonstrate a new vision of assistants in Youth football who in my view have to dedicate their time to improving the players as an athlete and as a person in a more personalized and integral way
