

ExamREVIEW is a self-paced, self-administered, computer-based, interactive program that provides practice questions and answers for the Petroleum Engineering Certification (PEC) exam. The program is designed to help you prepare for the exam by providing you with a variety of questions and answers that are similar to those you will encounter on the exam. The program is available in both English and Spanish.

We create these self-paced review questions to reinforce the concepts and principles covered in the exam. Each question comes with an answer and a short explanation which aids your ongoing further study information. For purpose of exam readiness drilling, this product includes questions that have varying numbers of choices. Some have 2 while some have 5 or 6. We want to make sure these questions are tough enough to really test your readiness and draw your focus to the weak areas. Think of these as challenges presented to you to assess your comprehension of the subject matters. The goal is to reinforce learning, to validate successful transference of knowledge and to identify areas of weakness that require remediation. The questions are NOT designed to "simulate" actual exam questions. "realistic" or actual questions that are for cheating purpose are not available in any of our products.
