Photography The Whole Story:

Photography Juliet Hacking, 2021 *Photography The Whole Story* is a celebration of the most beautiful meaningful and inspiring photographs that have arisen from this very modern medium It begins with a succinct overview of photography placing it in the context of the social and cultural developments that have taken place globally since its arrival Organized chronologically the book then traces the rapid evolution of photographic style period by period and movement by movement Illustrated in depth essays cover every photographic genre from the early portraits and tableaux to the digitally manipulated montages split second sports images and conceptual photographs of today The ideas and works of key photographers are assessed to reveal what motivated them who influenced whom and what each was striving to achieve Detailed cultural and individual artist timelines clarify historical context With over 1000 illustrations

Contemporary Photography in France Olga Smith, 2022-10-19 This compelling publication traces the broad arc of photography's development in France from the 1970s to the present day A decade by decade account reveals unexpected points of convergence between practices that are not usually considered in a comparative perspective These include photographic practices in contemporary art documentary photojournalism and fashion Author Olga Smith sets these practices in dialogue with French philosophy the writings of Roland Barthes Jean Baudrillard and Jacques Rancière to produce an innovative study of the intersections between the photographic image text practice and theory This analysis is guided by an understanding of photography as deeply engaged with historical cultural and intellectual events that defined French national experience in the contemporary period Landscape provides a particular focus to study issues of key significance including national identification colonial past legacies of modernization and environmental breakdown
