## 8

*Thus far we have discussed about strategy making in a single-business enterprise. This unit specifically examines strategy-making in a diversified company. Although the strategy-making tasks in a single-business environment are applicable to a diversified company, some additional strategic issues are also involved. *In this unit, we address the issues, like, Meaning and nature of a diversified company, When should a company diversify its business?, How can a company diversify its business/choose the diversification path?, Related diversification and unrelated diversification, Strategies for entering into new businesses, Post-diversification strategies/strategic options for a diversified company, Evaluating the strategies of diversified companies etc...*
