Notes On General Ship Knowledge

Louis D'Mello (Captain)

Notes On General Ship Knowledge:

Reeds Vol 13: Ship Stability, Powering and Resistance Jonathan Ridley, Chris Patterson, 2021-08-05 This indispensable guide to ship stability covers essential topics such as flotation and buoyancy small angle large angle and longitudinal stability water density effects bilging ship resistance and advanced hydrostatics Each chapter has a comprehensive list of aims and objectives at the start of the topic followed by a checklist at the end of the topic for students to ensure that they have developed all the relevant skills before moving onto the next topic area The book features over 170 worked examples with fully explained solutions enabling students to work through the examples to build up their knowledge and develop the necessary key skills The worked examples which range in difficulty from very simple one step solutions to SQA standard exam questions and above are predominantly based on a hypothetical ship The reader is supplied with extracts from a typical data book for the ship which replicates those found on actual ships enabling the reader to develop and practise real life skills This edition has been fully updated in line with the recently changed rules and regulations around ship stability and the updated national exam syllabus Updates include corrections and clarifications to worked examples new text on damaged stability and probabilistic stability extra content on hydrostatic forces and centres of pressure and extra content on stability information for small craft

General Ship Knowledge Louis D'Mello (Captain), 2013 **Generalship** A K

Ganguly, 2018-02-01 Generals have made and changed the history of many nations Armed Forces are the instrument of power of any nation and Generals have important role to play in the nation building and national security Lately the standard of Generalship has come to be criticised and the environment alleges that mediocre Generals are being thrown up and in the process competency and professionalism is getting sacrificed Not only the Indian Armed Forces but most of the world armies are facing this problem and mediocrity attributes to poor Generalship The book covers the aspects of what really matters in professional Generalship what are the expectations from the Generals what abilities the Generals must have which matters in professional command and what are the attitude and personality factors which Generals must up hold to make themselves credible and effective The chapters have covered those essential perquisites which make a difference in command of a military formation and differentiate between mediocre poor and good Generalship Not only in military affairs but dealing with the outside world is an important part of Generalship attributes and here what matters is prudence in the outlook and professionalism The issues discussed in the book also have relevance in the corporate and industrial sectors Written in a simple and lucid manner use of quotations and references have been made to highlight the importance of issues being discussed thus making the narrative interesting
