Prophecies 2017:

The Seven Living Prophecies Larry Huch, 2020-08-04 The missing piece to God's end time plan is you Through more than forty years of ministry Pastor Larry Huch has seen a trend Christians are living well below the promises and covenants of God He says they are missing out in part because they don't fully understand where we are on God's biblical timeline In this timely book Huch a respected teacher on the Hebrew roots of the Christian faith reveals seven Bible prophecies unfolding right now that will release God's end time outpouring of supernatural blessings and miracles into the world and into our lives Every day ancient prophecies are unfolding in the world Prophecies that we have read about but could only imagine are actually becoming reality in our lifetime In every realm and sphere of life the missing pieces are coming together What was sketchy and vague in the past is becoming crystal clear right before our eyes In *The Seven Living Prophecies* Huch uncovers these ancient Bible prophecies mysteries secrets and hidden truths that are coming to pass and ushering us into the great outpouring of God in the last days the rebuilding of the tabernacle the latter rain of miracles and the coming of the Messiah This book will draw you to the Jewish roots of your faith so that you can experience the blessings that God prophesied

Trumpocalypse Paul McGuire, Troy Anderson, 2018-01-02 From the authors of the international bestseller *The Babylon Code* comes an explosive exposé of the chilling truth about the fierce opposition to the Trump presidency and why the globalist elite and Deep State will stop at nothing assassination military coup staged economic collapse or worse to overthrow him *Trumpocalypse* It's the media coined meme inciting panic and fear that America has elected an unstable man who will barge into delicate international affairs like a bull in a china shop and incite nations bent on America's destruction to trigger World War III an unprecedented nuclear apocalypse ending the world as we know it But is the media telling us the truth No say internationally recognized prophecy expert and Fox News and History Channel commentator Paul McGuire and Pulitzer Prize nominated investigative journalist Troy Anderson America's most insidious enemies are not hostile nations they are elite globalists the Establishment that is making the 1 percent even richer while working and middle class people watch their incomes and net worth's flatline or plummet The authors fearlessly expose the globalist elite's secret plan for humanity and campaign of mass deception Using documentation gleaned from years of journalistic investigation and extensive interviews with over fifty of the world's most respected geopolitical economic and military affairs experts faith leaders and biblical scholars McGuire and Anderson unmask these elites as members of secret societies with deep occult connections who have gained control of America's dominant institutions government education entertainment international banking and even the media *Trumpocalypse* explores the enigmatic prophecies and biblical codes involving Trump and asks whether God raised up President Trump as a fearless leader to guide America and the free world through a series of major crises as the biblical end time narrative unfolds as many people with prophetic gifts are predicting and shows why everyday Americans and evangelicals have rallied around Trump as their last hope of saving America and averting the horrors of the Apocalypse

It further reveals why Trump and millions of deplorables are fighting to stop the hidden agenda of the Establishment and how the perplexing chaos enveloping the planet could paradoxically signal the beginning of the great end times awakening that millions are praying for Here is an invitation to join the anti Establishment surge what evangelist Franklin Graham calls the Christian revolution and discover how to fulfill your own destiny in the run up to the Second Coming of Jesus Christ

Political Pentecostalism Leandro L. B. Fontana, Markus Luber, 2021-08-13 The last decade has witnessed fundamental shifts in the relationship between religion and politics In this light religious symbols motifs justifications and practices are increasingly noticeable in political discourses as well as agendas particularly in the Global South with Pentecostal Christians standing out as salient actors Performative practices enacted in political contexts such as the anointing of state authorities prophecies warfare prayers etc have drawn the attention of numerous scholars worldwide The four surveys contained in this volume account for these developments in Africa Asia and Latin America and synoptically engage with the following question Can any meaningful nexus connecting multiple and apparently isolated nodes of Pentecostal engagement in the political sphere around the globe be identified In addition they do the groundwork for drawing parallels on a global level on the basis of which new light can be shed on fundamental changes in Pentecostal actorhood and self understanding Thus local developments and ethnographic studies are for the first time reflected upon from a global perspective

Prophecy in a Secular Age David True, 2021-02-09 The place of religion within a secular society has been much discussed in recent years fueled in part by Charles Taylor s Secular Age 2007 The conversation surrounding Taylor s work suggests a widespread interest in religion in secular or post secular contexts Even as scholars have become increasingly interested in emerging and novel forms of religion prophecy has continued to be depicted in traditional forms employed to further partisan agendas In place of secularity as religious declension and culture clash this volume explores prophetic works in a variety of forms including satire tragedy the novel Native American tradition science fiction the Bible and higher education itself Together the contributors demonstrate that there is much to learn from both religious and secular prophecy The book is inspired by the idea that prophetic works are a promising subject area for a diverse audience in both higher education and the church The volume s contributors demonstrate as much in that they work in a wide range of disciplines including religious studies biblical studies theology
