

**Main Idea**

Senators represent entire states, have longer terms, and follow different rules of debate. These features help give the Senate its reputation as a more weighty and careful body than the House.

**Reading Focus**

1. What are the major features of the Senate and its membership?
2. What are the Senate's leadership posts?
3. What is the role of committees in the Senate?
4. What are some of the distinctive rules and traditions of the Senate?

**Key Terms**

president of the Senate  
president pro tempore  
Senate majority leader  
seniority rule  
filibuster  
cloture

**The Senate and Its Membership**

(pp. 144–145)

The Senate is often called the upper house because of its greater prestige, or reputation, and the power that individual senators have compared to their House colleagues. The Constitution also gives the Senate a few special powers, such as the power to reject presidential appointments.

**Formal Qualifications** The Framers believed the Senate needed to be filled with experienced, knowledgeable politicians. Senators must be at least 30 years old (compared with 25 in the House); a U.S. citizen for 9 years (7 in the House); and a resident of the state he or she represents. Senators also hold a longer term of office. Elections are staggered so that only a third of the Senate is up for re-election at once.

**Election of Senators** The Framers originally gave the election of senators to the state legislatures. In 1913, after numerous problems with this system, the Seventeenth Amendment was added to the

Constitution, which made direct popular election of senators part of the Constitution.

**Informal Qualifications** Senators are typically older than House members. They are also typically wealthier than House members and the general population. The Senate is also not as diverse as the House.

**Reading Check Contrasting** How do requirements for a Senate seat differ from those of a member of the House?

**Senate Leadership** (p. 145)

Like the House, the Senate has a leadership structure that helps the chamber do its work. Senate leadership is less powerful, however.

**Constitutional Positions** Article I, Section 3, Clause 4, of the Constitution assigns the job of **president of the Senate** to the vice president of the United States. He or she may watch over the debate, allow speakers to address the House, and make sure rules of debate are followed. He or she may not participate in debate or vote, except to break a tie.
