Significant Others Zita Eva Rohr, Jonathan W. Spangler, 2021-08-30 *Significant Others* explores the transformative possibilities of alterity or otherness and offers concrete case studies that provide a greater understanding and nuance with regard to aspects of deviance and difference in premodern court cultures. Both public and nominally private spaces were subject to the important influence of significant others such as women, ethno-religious minorities, and marginalized and/or difficult to categorize men. From their positions within and ties to court cultures, these diverse outsiders played crucial roles in maintaining a fluidity essential for the successful sustaining of territorial monarchies and polities, challenging our understanding of the more narrowly defined elite behaviours that shaped premodern dynasties, rulers, societies, and cultures of the past. By exploring a variety of case studies from history and literature such as Moroccan Jews as dhimmis, protected persons to bastards, mistresses, and sodomites in ancien régime France to the transformative role of magic in *Sir Gawain and the Green Knight*, this volume makes use of empirical and contextually informed research to respond to theoretical questions posed by recent historiography. With a cross-disciplinary approach, this collection of essays will be a valuable resource for all students and scholars interested in the diverse aspects and contexts of premodern others.

Narrativizing Theories Benjamin John Peters, 2020-02-06 *Ours* is an age of offense, a time of reactionary shock, always received, never given. *Ours* is an age that has forgone cultural narratives, a time of individualism wherein personal identities trump the collective spirit. *Ours* is an age of failing earth, a time of ecological collapse, yet the consumption of global capitalism continues to run amok. But don't fear. You have the correct worldview, the best solutions. It's not your fault, these things are happening. It's the president's, the immigrant's, and the Islamicist's. Or perhaps it's the socialist's, the tree hugger's, and the baby killer's. But it's not your fault. Never yours. For the world exists as you see it, in an echo chamber lined with golden pixels. Do I still have your attention? Then join me. Within the covers of *Narrativizing Theories*, I dive into ambiguity and aesthetics to depict how clashing worldviews exist side by side, yet remain mutually incompatible. I examine how cultures distinguish between acceptable and unacceptable beliefs, embodiments, and identities. And I outline an aesthetic theory of ambiguity that highlights through the twists and turns of literature the provisionality of knowledge and the narrativization of reality.

All the Seas of the World Guy Gavriel Kay, 2022-05-17 Returning triumphantly to the brilliantly evoked near-Renaissance world of *A Brightness Long Ago* and *Children of Earth and Sky*, international bestselling author Guy Gavriel Kay deploys his signature quarter-turn to the fantastic to tell a story of vengeance, power, and love. They have been hired by two of the most dangerous men alive to alter the balance of power in the world. If they succeed, the consequences will affect the destinies of empires and lives, both great and small. One of those arriving at that beach is a woman abducted by corsairs as a child and sold into years of servitude. Having escaped, she is trying to chart her own course and is bent upon revenge.
