

## **LESSON NO. :- 2      FORGETTING    By    (ROBERT LYND)**

### **Long Answer Type Questions**

**(Q. No. 1) Why are young people and sportsmen more forgetful than others? What about anglers and statesmen?**

**(Ans)** Robert Lynd says that young people and sportsmen are more forgetful than others. They live in the world of imagination. They remain lost in their thoughts. They are seriously engrossed in their fields of activity. They have less interaction with the outside world. They are busy glorifying their talents and imagining future possibilities. They have no time to think of ordinary matters. Their souls are above such petty things which ordinary people usually remember. That is why they lose many of their things in buses and trains. The same is the case with anglers (fishermen). They often lose their fishing-rods. They live their profession very much. Statesmen suffer from extraordinary bad memories. They soon forget what happens in the cabinet meeting attended by them.

**(Q. No. 2) How are writers and composers different from statesmen?**

**(Ans)** Writers and composers of music usually have exceptional powers of memory. Good memory is a part of their art. On the other hand, statesmen have extraordinarily bad memories. They soon forget what happened in the cabinet meeting attended by them. That is why they give such an inaccurate version of the facts which is challenged by others. Most statesmen are men of intellect but lack genius of memory.

**(Q. No.3) When according to Robert Lynd forgetfulness is a virtue?**

**(Ans)** According to Robert Lynd, we can't condemn all types of forgetfulness. We may condemn forgetfulness in regard to posting of letters and swallowing of pills and potions prescribed by the doctors. But we can't condemn forgetfulness in case of sportsmen who never remember to take their footballs, cricket balls, bats and other sports items when they return after games. Similarly, we appreciate the forgetfulness of anglers who return so full of joyful memories of the day that they forget their fishing rods behind. Same is the case with philosophers, poets and composers of music as they are also prone to forgetfulness. The fact is that in all the above cases, it is the joy of sports, the dream of a happy state, the poetic or philosophical fancies of a high order etc. that certain common place things are either lost or forgotten. This loss is nothing when compared to joy, peace and truth obtained. Hence in all these cases forgetfulness or bad memory is a blessing or a virtue in disguise.

**(Q. NO. 4) Bring out and appreciate the most enjoyable elements in the essay Forgetting by Robert Lynd?**

**(Ans)** According to Robert Lynd modern men remembers a lot of things such as address, telephone numbers, names of actors actresses etc. quite easily. But at the same time he finds his memory extremely bad and fails to remember things that should be easy to remember such as posting letters, swallowing pills and carrying things home during
