Männistö-Inkinen,Doris Ochterbeck,Samantha Rundle,2022-04-22 This book investigates the neuroscientific knowledge on addiction as an epistemic project *Finding God in the Basement* Jennifer Carlier,2026-01-13 Finding God in the Basement reimagines the Christian theology of sin and salvation through the lens of addiction offering a liberative vision of human dignity hope for recovery and communal transformation In Finding God in the Basement Jennifer Carlier offers a theologically incisive critique of how Christian doctrines of sin and salvation fail to engage the lived realities of addiction and recovery Drawing from her own experiences and from memoirs that recount others journeys through addiction and recovery Carlier blends storytelling with theological scholarship and insights from addiction studies to offer a liberative theological framework for talking about addiction in a way that reimagines it accounting for not only the profound suffering of addiction but also the hope of recovery Carlier offers a sharp critique of theological models of sin and salvation that reinforce shame and render the church an inhospitable or even harmful place for those suffering from addiction In their place she constructs a theological vision that affirms both human dignity in brokenness and a grounded hope for recovery and wholeness She draws on the Augustinian concept of the bondage of the will reimagined in conversation with contemporary understandings of addiction to name the realities of addiction and human brokenness and she lifts up the biblical exodus narrative as a more generative metaphor for salvation that accounts for both the challenge and hope for liberation and recovery in the present moment This theological reframing is not only about individual healing for those with addiction but also about reshaping communal practices Carlier invites churches to learn from the recovery communities that often gather in their basements where authenticity mutual accountability acceptance and daily practices of living into freedom are valued In doing so Finding God in the Basement contributes meaningfully to ongoing conversations in constructive theology practical theology and Christian ethics offering a compelling vision of what Christian communities might become when they center grace authenticity and vulnerability *Forthcoming Books* Rose Arny,2002 **Brain & Behavior** Bob Garrett,Gerald Hough,2020-10-31 Winner of the 2022 Textbook Academic Authors Association s The McGuffey Longevity Award In Brain
