central theme of the work is the belief that everyone is able to handle the obstacles that come with life even though we can't necessarily control everything about life. While we may not be in charge of the circumstances, it is possible to always be in command of ourselves and how we choose to respond to the challenges presented. Living by the principles of Stoicism means individuals deliberately control themselves in the face of obstacles, which in turn strengthens willpower and confidence for difficult times in the future. This book almost never mentions the actual word Stoicism. The author deliberately neglects to explain exactly what it is and barely mentions any philosophers of Stoicism from centuries ago, except Emperor Marcus Aurelius. Aurelius is written about more than anyone else because his thoughts, written in *Meditations*, inspired the author to write this book. *Meditations* provides a lot of informative ideas, but they are not quite complete. The main philosophy Aurelius lived by can be condensed into one of his quotes: "The impediment to action advances action. What stands in the way becomes the way." Holiday used this saying as the basis of the title for this book.
