Niche is your itch. It is finding a specific area of interest or expertise that satisfies a personal desire or passion. Every one of us has to convey that niche should be something that one is personally motivated to explore, learn, and develop. A niche is of vital importance because it penetrates through a market segment or a specific aspect of a larger industry. For example, someone may have a niche in rare books of a specific category or alternative readings of related topics. The key to finding a successful niche is to identify something important and meaningful to exercise and develop skills and knowledge in that area.
