To whom the majesty of kingship has not been conferred Samuel Tuominen, 2022-05-31 How did Sir Isaac

Newton the most important figure of the Scientific Revolution believe in literal fulfillment of the biblical prophecies on the end times What did he say about the foretold Antichrist What Paul really taught in 2 Thessalonians 2:3 on the revelation of the man of lawlessness Will Rapture precede that or vice versa How and why did Princess Diana think that her husband Charles the Prince of Wales was a murderer How and why did she think that there was a conspiracy against her and that he would murder also her in a staged car accident How does this relate to the biblical prophecies on the foretold Antichrist Why so many students of the Bible prophecy have taught since the early 1980s that Prince Charles could be actually the foretold Antichrist To many of us he seems superficially the most unlikely candidate for this role But is he in fact the most likely candidate based on the number of biblical prophecies on that man what Charles can fulfill more literally than any other presumed Antichrist candidate How there is hardly any biblical prophecy on that man's foretold attributes that Charles cannot already fulfill one way or another How has he taken lately a more prominent and visible political role Why Joe Biden and many other world leaders follow the post pandemic agenda called Build Back Better that Prince Charles launched in January 2020 at Davos together with the founder of World Economic Forum Klaus Schwab Why does its expert Justin Haskins think it represents the most significant threat to capitalism and individual liberty in more than a half century Why Prince Charles has been compared already with such bloodthirsty tyrants as Pol Pot like Michael Rubin did in his op ed in the Washington Examiner an American conservative news website and weekly magazine How Charles himself likes to compare himself with the cruel tyrants of the past centuries like Henry VIII How the Book of Daniel foretold the whole world history of the last twenty five centuries How it relates to Prince Charles Did Daniel see the history of the British Empire and its monarchy Did he see something epoch making to happen in 2023 What about the mysterious relic of the Middle Ages called True Cross And so much more in this book that one reader characterized as revolutionary

Stop the Machines Mauro Lubrano, 2025-07-11 As we stand on the cusp of an AI revolution will we see the rise of a new anti technology extremism that threatens to dismantle the gains of modern civilization In the first exploration of this phenomenon Mauro Lubrano traces the origins and evolution of anti technology violence across the globe He identifies three main groups fuelling such resistance insurrectionary anarchists eco extremists and eco fascists Exploring the justifications that underlie the opposition to technology and the strategies employed to stop the machines he shows how anti tech extremism has emerged as a reaction to the Anthropocene an attempt to undo the epoch of human domination The intellectual flexibility of this ideology lends itself to different causes from the class struggle against the techno elites to the defence of nature and white supremacy With fears about the risks of artificial intelligence mounting and the world beset by serious polycrises what is currently a fragmented fringe phenomenon holds the potential for dramatic escalation

Dead Bibles Created Dead Religions Darrell Herron, 2021-08-30 This book exposes the biggest cover up story that has ever existed which should never have needed to be written but sadly because of what has happened it truly

must be written At no time in our history has such a book been written which exposes religions and Bibles through historical facts and how religious corruption began In discovering the alterations of Bibles that have risen many religions to the power of dominance through propaganda Through the entity of both we will receive the knowledge of discovery of history s facts of how it happened and how it all began Discovering written manuscripts of the true disciples of Christ that have been buried under the sands for over two thousand years and have recently been found The discovery of these manuscripts have exposed what and who and the reasons Bibles have been written showing how we have been exposed with propaganda the way that religions have called us to follow All has been hidden and are now being exposed from the religious conspiracies to the truth In which the world now has the opportunity to learn the truth about Bibles and religions In discovering how truth gives life and deception takes it away Unlocking the mysteries of the gate to receive the keys of understanding With raging questions of what to believe and what not to believe with revelations of which will emerge victorious After reading this book you will never see the world the same way again

Globalization and Sense-Making Practices Simi Malhotra,Zahra Rizvi,Shraddha A. Singh,2023-09-11 This book presents a critical analysis of sense making practices through an exploration of acoustic creative and artistic spaces It studies how local cultures of sight hearing smell taste and touch are impacted by global discourses and media such as television popular music digital media and literature The authors look at sense making practices and spatial discourses through an interconnected discussion on thought and experience that seeks to present a multidimensional cartography of the global the local and the glocal to closely analyze the phenomenon of globalization The volume is an investigation of the possibilities of alternate sustainable modes of being and existing in a world which requires a unified ethical biopolitical worldview that challenges the disparity of its fragments while speculating on their synesthetic conditionality A unique contribution the book will be of interest to scholars and researchers of English literature media studies cultural studies literary cultures post colonial studies globalization studies philosophy critical theory sociology and social anthropology

Arctic Hysteria and Other Strange Northern Emotions Elise Nykänen,2024-11-08 Arctic Hysteria and Other Strange Northern Emotions Case Studies in Finnish Literature opens a new perspective on the thriving area of research on the imagined North by studying emotions in the light of case studies in Finnish literature The volume addresses the cultural history of Arctic hysteria and maps other strange emotions depicted and evoked in literature of the Finnish North The volume comprises seven case studies which range from the works of internationally renowned authors such as Rosa Liksom Emmi It ranta and Tove Jansson to the affectively controversial and provocative writings of Timo K Mukka Marko Tapio and Pentti Linkola Drawing from the study of the imagined North and theories and tools in the study of literature and emotions the analyses show how such moods as melancholia ecstasy or a peculiar sense of November are generated in texts and how literary emotions entangle with the Northern environment they depict By focusing on the imagined North in Finnish modernism and contemporary literature the authors offer original views on experiences of late modernity merging with the

changing Northern environment in the age of the Anthropocene The Abundant Life Prevails Michael C. Wolfe,2000 In The Abundant Life Prevails Michael Wolfe examines the history of this rich religious life on Saint Helena Island off the coast of South Carolina Previous works have given extensive attention to the unique linguistic culture of the island called Gullah but Wolfe is the first to provide a comprehensive treatment of the religious traditions represented there The story of Saint Helena Island reveals how two vastly different traditions missionary and islander emerged from their own environments how each sought particular goals for the island and how they eventually merged into a living faith community BOOK JACKET

Human Extinction Émile P. Torres,2023-06-15 This volume traces the origins and evolution of the idea of human extinction from the ancient Presocratics through contemporary work on existential risks Many leading intellectuals agree that the risk of human extinction this century may be higher than at any point in our 300 000 year history as a species This book provides insight on the key questions that inform this discussion including when humans began to worry about their own extinction and how the debate has changed over time It establishes a new theoretical foundation for thinking about the ethics of our extinction arguing that extinction would be very bad under most circumstances although the outcome might be on balance good Throughout the book graphs tables and images further illustrate how human choices and attitudes about extinction have evolved in Western history In its thorough examination of humanity s past this book also provides a starting point for understanding our future Although accessible enough to be read by undergraduates *Human Extinction* contains new and thought provoking research that will benefit even established academic philosophers and historians **No Option But**
