Henninger,Kirsi

Niinimäki, Marta Blazquez, Celina Jones, 2022-07-29 This book provides a holistic and accessible approach to sustainable fashion management. It offers an interdisciplinary and practical outlook combining theory with practical application from a management perspective and underpinned by the Sustainable Development Goals throughout. The book helps students to gain a better understanding of what sustainable fashion is and how it is implemented across the fashion industry through business model innovations, innovative designs, new technology and digital approaches, and material innovations. Global case studies are employed throughout each chapter, including fashion companies and events of all sizes, alongside other pedagogical features to aid learning, including key learning points, chapter objectives, and textboxes explaining key terminology. This is an essential textbook for those investigating sustainable fashion, whether from a design or management perspective, providing the knowledge and tools for a future career. It is designed to serve Fashion Business and Management, Fashion Marketing, Fashion Buying and Merchandising, and Fashion Technology courses at all levels and will also be valuable reading for those already working within the fashion industry and studying for professional qualifications. Online resources include chapter-by-chapter PowerPoint slides and a test bank.
