Batt, John W. Moore, 1987 **Successful Keyword Searching** Randall MacDonald, Susan MacDonald, 2001 Students are
using electronic resources more than ever before to locate information for assignments Without the proper search terms
results are incomplete and students are frustrated Using the keywords key people organizations and web sites provided in
this book compiled from the most commonly used databases students will be able to perform successful searches for 144 of
the most popular research topics on their own or in the classroom The 144 topics are divided into nine broad subject areas
Arts and Literature Business Communication and Economics Culture and Cultural Diversity Health and Wellness History
Political Science and Law Philosophy and Religion Science and Technology Social Issues and Sociology and Sports and
Recreational Interests Each topic section provides an extended list of keywords to be used alone or in combination with other
words in the section to perform Boolean searches The selected lists of key people include activists artists entertainers

politicians scientists and other well known personalities in each field Organizations and web sites lead the student to even more resources providing a solid overview of each topic for the beginning researcher as well as increasing general on line searching skills *Choice* ,2009 **Illinois Libraries** ,1991 Includes proceedings of the Illinois Library Association
