Being Ecological, with a new preface by the author Timothy Morton,2025-04-08 From our most popular guide to the new epoch Guardian a new edition of the book about ecology without information dumping guilt inducing or preaching to the choir Ecology books can be confusing information dumps that are out of date by the time they hit you Slapping you upside the head to make you feel bad Grabbing you by the lapels while yelling disturbing facts Handwringing in agony about What are we going to do This book has none of that *Being Ecological* reissued with a new preface doesn t preach to the eco choir It s for you even Timothy Morton explains if you re not in the choir even if

you have no idea what choirs are You might already be ecological After establishing the approach of the book no facts allowed Morton draws on Kant and Heidegger to help us understand living in an age of mass extinction caused by climate change They discuss what sorts of actions count as ecological starting a revolution going to the garden center to smell the plants And finally they explore a variety of current styles of being ecological a range of overlapping orientations rather than preformatted self labeling Caught up in the us versus them or you versus everything else urgency of ecological crisis Morton suggests it s easy to forget that you are a symbiotic being entangled with other symbiotic beings Isn t that being ecological
