By Clive Shepherd The New Learning Architect:

The New Learning Architect Clive Shepherd, 2011 We are all learning machines constantly adapting to the ever changing threats and opportunities with which we are confronted We learn through experience whether consciously or unconsciously we learn by seeking out the knowledge and skills we need to carry out our day to day tasks we learn by sharing experiences and best practice with our colleagues and by taking advantage of opportunities for development both formal and informal The new learning architect designs environments that enable specific target populations to take maximum advantage of all these opportunities for learning To do this they need to understand the unique characteristics of their clients and the business challenges they are facing they need to find just the right balance between top down and bottom up learning initiatives between the formal and informal The new learning architect is at the vanguard of the next generation of learning and development professionals taking advantage of the latest tools technologies and thinking to help organisations meet the acute financial time and environmental pressures of the 21st century Publisher website

Rail Human Factors Nastaran Dadashi, Anita Scott, John R Wilson, Ann Mills, 2017-06-29 The rail human factors ergonomics community has grown quickly and extensively and there is much increased recognition of the vital importance of ergonomics human factors by rail infrastructure owners rail operating companies system developers regulators and national and trans national government This book the fourth on rail human factors is *Transforming learning and development* Clive Shepherd, 2013-01-01 This book describes how a transformation can take place in workplace learning and development It sets out a vision for workplace learning and development that is aligned economical scalable flexible engaging and powerful It moves on to look at some of the changes you can consider making in order to realise this vision expressed as six shifts from generic to tailored from synchronous to asynchronous from compliance to competence from top down to bottom up from courses to resources and from face to face to online Finally the book focuses on the practical steps you need to take if you are to bring about this transformation
