

Promoters

- Are DNA sequences
- Are always in front of genes
- Consist of consensus sequences
- Are binding sites for RNA polymerases
- Are rich in G and C nucleotides
- Are only found with protein-coding genes
- Are very similar in prokaryotes and eukaryotes

(3)

Enhancers

- Are proteins
- Are DNA sequences
- Activate transcription
- Are located next to a gene
- Bind to RNA polymerase

(2)

Transcription termination

- Occurs at the ends of coding regions
- Can be induced by specific RNA stem-loops
- Is similar in prokaryotes and in the nucleus of eukaryotes
- Can involve the action of several proteins
- Is always linked to translation
- Can be regulated

(3)

Exons

- Are always found in the same positions in homologous genes
- Are always flanked by two introns
- Are protein-coding sequences
- Outnumber the introns in all RNA
- Are common in ribosomal RNAs

(2)

Splicing

- Removes introns
- Removes exons
- Always requires spliceosomes
- Occurs primarily in the cytoplasm
- May require more than 100 proteins

(2)

Handbook of Service Science, Volume II Paul P. Maglio, Cheryl A. Kieliszewski, James C. Spohrer, Kelly Lyons, Lia

Patrício, Yuriko Sawatani, 2018-10-16 The second volume of this successful handbook represents varied perspectives on the fast expanding field of Service Science. The novel work collected in these chapters is drawn from both new researchers who have grown up with Service Science as well as established researchers who are adapting their frames for the modern service context. The first Handbook of Service Science marked the emergence of Service Science when disciplinary studies of business to customer service systems intertwined to meet the needs of a new era of business to business and global service ecosystems. Today the evolving discipline of Service Science involves advanced technologies such as smartphones, cloud, social platforms, big data analytics, and artificial intelligence. These technologies are reshaping the service landscape, transforming both business models and public policy ranging from retail and hospitality to transportation and communications. By looking through the eyes of today's new Service Scientists, it is anticipated that value and grand challenges will emerge from the integration of theories, methods, and techniques brought together in the first volume but which are now rooted more deeply in service dominant logic and systems thinking in this second volume. The handbook is divided into four parts: 1. Service Experience: On the Human centered Nature of Service; 2. Service Systems: On the Nature of Service Interactions; 3. Service Ecosystems: On the Broad Context of Service; 4. Challenges: On Rethinking the Theory and Foundations of Service Science. The chapters add clarity on how to identify, enable, and measure service, thus allowing for new ideas and connections made to physics, design, computer science, and data science and analytics for advancing service innovation and the welfare of society. Handbook of Service Science Volume II offers a thorough reference suitable for a wide reaching audience including researchers, practitioners, managers, and students who aspire to learn about or to create a deeper scientific foundation for service design and engineering, service experience, and marketing and service management and innovation. *Educational Assessment of Students* Anthony J. Nitko, 1996 **Olympiad Mathematics Workbook**

Class-6 Subhash Jain, 2022-02-22 The Mathematics Olympiad Workbook Class 6 has written to help students prepare for the national and International Olympiad, NTSE, and for the examination conducted by the CBSE and other boards. Each Chapter starts with mind maps with a quick look summary including important formulae wherever applicable to help students recapitulate what they have learnt. All forms of questions covering different learning outcomes in multiple choice questions. It is important that the student go through them as they will help him or her to prepare for the examination better. After doing given exercise, students should attempt to answer the questions of self evaluation test on their own and then check them against the given answers. This way they can evaluate their proficiency and subsequently work on their problem areas.
