Trusteeship involves *onerous obligations*, where a donor retains no responsibility for the property once the gift has been made. Difficulty has been found in providing a comprehensive definition of a trust but various authors have made attempts to define the term trust.

- (b) **title to the trust assets stands in the name of the trustee** or in the name of another person on behalf of the trustee;
- (c) **The trustee has the power and duty**, in respect of which he is accountable, to manage, employ or dispose of the assets in accordance with the terms of the trust and the special duties imposed upon him by law.

A trust can be distinguished from other legal concepts such as bailment, agency, contract, debts, conditions and charges, powers.
