Kail, John C. Cavanaugh, 2013 Balanced coverage of the entire life span is just one thing that distinguishes HUMAN DEVELOPMENT A LIFE SPAN VIEW 6E International Edition With its comprehensive succinct and applied coverage the text has proven its ability to capture students interest while introducing them to the issues forces and outcomes that make us who we are Robert

V Kail's expertise in childhood and adolescence combined with John C. Cavanaugh's extensive research in gerontology result in a book with a rich description of all life span stages and important topics. A modified chronological approach traces development in sequential order from conception through late life while also dedicating several chapters to key topical issues. This organization also allows the book to be relatively briefer than other texts, a benefit given the enormous amount of information covered in the course.

Essentials of Human Development Robert V. Kail, 2013-02-01
ESSENTIALS OF HUMAN DEVELOPMENT: A LIFE SPAN VIEW International Edition fills the need for a shorter text that emphasizes the essential defining features of modern research and theory in human development. Using a modified chronological approach and emphasizing the biopsychosocial framework, the text provides a streamlined, readable account of human development across the life span, conceptual foundations that enable students to become educated and critical interpreters of developmental information, and an introduction to relevant research and its application to important issues in life span development. Among the most important aspects of this book is its integration of pedagogical features designed to help students maximize their learning. In addition, the text emphasizes the application of human development research across diverse professional settings, making it ideal for students who are pursuing a career related not just to psychology but to other areas such as education, health, and human sciences, be it as a nurse, physician, educator, psychologist, social worker, speech language therapist, or others. These students are often particularly eager to see how human development research can allow them to work more effectively with future patients, students, or clients.

ESSENTIALS OF HUMAN DEVELOPMENT answers the call. Succinct and filled with real-life examples, this text will capture your students' interest while introducing them to the essential forces and outcomes that make us who we are.
