**Sun Tzu and the Rise of China** Southern Jameson West, 2020-12-30 Herein the writer discusses the present rise of China from looking at a specific critical statement made by Sun Tzu in his ancient treatise *The Art of War* The writer builds on this one particular quote in such a way as to obtain a synthesis for why Mainland China needs so desperately to bring back Taiwan back into the fold Mainland China has for decades claimed that Taiwan is a renegade province and nothing more Mainland China hopes and works desperately on a round the clock daily basis in order to try to convince the rest of the world that this in fact is the case Because of the mainland s unceasing rhetoric often the rest of the world isn t aware of the true state of affairs as on the contrary all Chinese in the world are that in fact Taiwan because of its democratic and open society it therefore is an absolute threat to the state security of mainland China In fact many of Taiwan s open policies date back to the Japanese control of Taiwan from the years of 1895 until the end of WWII This fact is something that mainland China refuses to officially accept and will without hesitation vehemently deny However everyone who knows even some history and has travelled to Taiwan and spent time there can easily figure out The writer has seen it for himself Systemics and reductionism are discussed as part of the analytical framework of this synthesis using Sun Tzu s theory as per several noted writers on the theories of International Relations Mention will be made of how this present mainland policy has in fact seriously eroded the once very sound infrastructure that was once the fundamental social fabric and framework for Hong Kong leaving many Hong Kong people in serious doubt for their future Ultimately all of this gets put on the front door of the U S A whose position in the world is by this very policy further under an even greater threat Can China out flank the USA in places such as the Pacific and continents such as Africa The outcome remains to be seen But this book will try to consider many of the possible scenarios Notwithstanding what also gets mentioned is the concept of Entropy in trying to analyze international political activity Certain concepts such as the entropy of mixing are use to speculate that historical events cannot easily be stopped once political momentum and policies are put into place The power of the coalition in game theory

Hard Realities: India, Pakistan, China in an Emerging New World Dr. Amarjit Singh, 2019-12-26 Hard Realities

presents ideology and strategies for Indian pre eminence Some of the interesting takeaways are Irrefutably Pakistan s existence is not in India s interest The time is ripe for dismantling Pakistan as India s neighbor Thus Baluchistan Sindh West Punjab and Kashmir must spin out of Pakistan in different ways while the Federally Administered Tribal Areas FATA must be legitimately returned to Afghanistan Consequently India has no choice but to prepare its forces with a sense of urgency for the upcoming world economic disruption in the 2020s However India has shortcomings such as historical failures by the Indian leaders to strategize properly with respect to Pakistan and China deficient investment in engineering disciplines and failure to boost its economy timely through indigenous defense production Mostly India s personality is inappreciable Moreover India s approach to China must be unambiguous that Tibet and Xinjiang are not a part of China As such India will not share a border with China But at present China is running circles around India and only technological development of high quality engineering talent will help India India has a majorly tough row to hoe as a nation Its 2 5 to 3 front war is its own creation Though the destiny of nations is a potent force India must not be found wanting when it comes to singly defending its military and economic independence

*The Synchronicity Key* David Wilcock,2014-07-29 Unlock the key to a universal life force in this astonishing book from the New York Times bestselling author of *The Source Field Investigations* and *Awakening in the Dream* *The Source Field Investigations* was a New York Times Wall Street Journal and USA Today bestseller that uncovered hidden science and lost prophecies to illuminate an entirely new understanding of our world today Now in *The Synchronicity Key* David Wilcock embarks on an astonishing investigation into what lies beyond finding proof that everything in our lives is not only connected but it also influences everything else Using history astrology and synchronicity theory among other concepts Wilcock shows that there is hidden architecture within time guiding individuals and nations through a system of enlightenment Joseph Campbell called the Hero s Journey Historical events occur in shockingly precise repeating cycles of time as a result Once we understand and identify the hidden laws of this seemingly random synchronicity we are left with a remarkable blueprint of how best to lead our lives in this uncertain and confusing world

**Woke Warriors** Katie Cherkasky,Andrew Cherkasky,2024-04-30 The world has long been told to fear America s military which is said to be the strongest on Earth The truth of that statement today remains unclear After a ten year fictitious war in Iraq and a twenty year stalemate in Afghanistan the American military is involved in a whole new type of war a culture war one that it seems to be losing yet again Forget everything you think you know about American military culture *Woke Warriors* shows you how America s most sacred institution has morphed into America s most woke industrial complex From DEI to social justice reform preferred pronouns and removal of tests of skill the US military is hardly recognizable to many who knew it even two decades ago More than that dedicated servicemembers are losing their careers their retirements and in some cases their freedom as a result of this drastic cultural shift Authors Andrew and Katie Cherkasky served as military officers and JAG lawyers during Operations Iraqi Freedom and Enduring Freedom They were part of the original

woke military movement but left the service to fight against the injustices that they were witnessing They've spent the last decade running a law firm fighting for the rights of America's servicemembers in the courtroom They're now two of the most outspoken legal analysts in the nation They have access to the servicemembers affected by woke-ness from generals to privates But they're far from the only ones impacted They also have the data and dollar figures to open your eyes to the most prolific attack on American Constitutional values in our federal government At a time when America's status as a global superpower is under intense scrutiny and billions of dollars are being pumped into our national defense budget it is vital that we thoroughly and honestly examine the priorities of the entity supposedly defending all Americans

[Our Fractured World Volumes I](#) David Diaz, 2023-07-08 I am a new European author of a book divided into two volumes that will cost 18 euros each to purchase in a digital PDF format Each volume's title is the same as above and it focuses on global events especially those occurring in the United States of America a nation experiencing enormous unrest and in Europe I had intended to write only one book but I was carried away and had to split it into two I communicate my ideas and the realities of what is actually occurring in the world around us in a way that is politically incorrect as I am not the type of person who likes walking on eggshells unless I deem it necessary Political correctness is something I vehemently oppose in every sense of the word Political correctness should only be used in the context of international relations within the political and corporate worlds To fully express our freedoms political correctness should be removed from all public discourse It is possible to conduct debates without violating decorum through the use of political incorrectness Political correctness gone mad hinders communication by limiting what we may say think write and do The rise of political

correctness gone mad has a very Orwellian feel to it I know that political correctness in small doses aims to foster balance in how we communicate with one another but sadly this goal has been perverted and exploited to the point of madness and to shield those who find offence in just about everything I was inspired to publish my own opinions and the truths which left wing politics likes to refer to as conspiracy theories since they concern them and their transgressions by what is occurring around the globe particularly in the United States My two books are not for anyone who is easily offended insulted or micro aggressed Your comments no matter how bizarre or sane they may seem are always welcome without any guarantee that I will agree with them Your feelings regarding the topics I am covering in my books are of very little concern to me If you are a snowflake who is triggered easily by other people s opinions and the truth I suggest that you do not read my works but it is ultimately up to you to make that choice since they are extremely alluring even to people who practise political correctness to the hilt Denver journal of international law and policy ,2004 **IRA, the Bombs and the Bullets** A.
