Social Cognition and Visual Impairment Dr Bincy Mathew, [A Textbook of Children's and Young People's Nursing E-Book](#) Edward Alan Glasper, James Richardson, 2010-05-19 This popular textbook is aimed at children's nurses in a wide range of practice settings including primary ambulatory and tertiary care. Covering the full age and specialty spectrum, this text brings together chapters from among the best known children's nurses in the UK. It describes family-centred child healthcare drawing upon practice throughout the UK and further afield. This innovative text provides up-to-date information on a wide range of topics. Each chapter offers readers additional material on Evolve. Full Microsoft PowerPoint presentations that facilitate interactive learning augment the written chapters and provide information not normally possible in a standard textbook e.g. colour photographs, video clips. Although intended for nurses, the book adopts an interprofessional problem-solving and reflective approach aimed at students, practitioners, and child health educators. Material is offered from levels 1-3 and some of the ancillary material extends into the postgraduate arena. Each chapter offers readers additional material on an Evolve website. Full Microsoft PowerPoint presentations augment the written chapters and provide extra information that includes case studies, moving image photographs, and text. Aims, objectives, learning outcomes, a summary box in each chapter, and key points assist learning and understanding. Professional conversation boxes enliven the text on the page and make it more interesting to dip into. Suggestions for seminar discussion topics to help teachers. Case studies help to relate theory to practice. Prompts to promote reflective practice. Activity boxes, suggested visits, evidence-based practice boxes which highlight key research studies, annotated bibliographies including details of web sites and full contemporary references to the evidence base. Resource lists including recommended web site addresses. New chapter on blood disorders of childhood. New material on caring for young people and transitions in care. More on childhood eczema, childhood and adolescent mental health, solid tumours of childhood.

Essentials of Life-Span Development John Santrock, 2007-08-01 The entire lifespan in 500 pages. What's the greatest challenge in teaching the Life Span Development course? Covering a lifetime of material in a single term. Instructors from across the country have clamored for a streamlined text that captures the core concepts of life span development. *Essentials of Life Span Development* was carefully designed and constructed to deliver these core concepts along with a strong applications focus reflecting the broad range of interests and backgrounds of students taking this course. And as always with John Santrock's texts, the latest research in the field is incorporated throughout.

Death, Dying, and Bereavement in a Changing World Alan Kemp, 2018-11-02 In this introductory text on thanatology, Alan Kemp continues to take on the central question of mortality, the centrality of death coupled with the denial of death in the human experience. Drawing from the work of Ernest Becker, *Death, Dying, and Bereavement in a Changing World* provides a multidisciplinary and multidimensional approach to the study of death, putting extra emphasis on the how death takes place in a rapidly changing world. This new second edition includes the most up-to-date research data and figures related to death and dying. New research on the alternative death movement, natural disaster-related deaths, and cannabis as a form of

treatment for life threatening illnesses and updated research on physician assisted suicide as well as on grief as it relates to the DSM 5 have been added **Best Practices in School Neuropsychology** Daniel C. Miller, Denise E.
