Statistics show that how we are consuming, maintaining, and discarding our clothing is having a devastating effect on the planet. There are problems with every part of the cycle, and they won't be fixed overnight. So what can we actually do to make a difference? The answer is that if we all take small steps to improve our habits, it would collectively result in a big change, and this book teaches us exactly how to do this. Sophie Benson, a journalist specializing in sustainable fashion, will guide you through breaking down the issues and explaining how we can mitigate them at home, from the clothes we purchase to the way we care for them to how we dispose of them. With easy tutorials to follow, how to read a label, and have a conscious closet, clear out, upcycling hacks, how to darn socks, and how to care for your jeans, Sophie will show you that small changes in habit can result in a more sustainable, eco-friendly wardrobe without breaking the bank.
