[A Guide to World Cinema National Film Theatre \(London, England\),1985](#) *Capsule Wardrobe* Nancy Rose,2018-11-23 Is your closet jam packed and yet you have absolutely nothing to wear Can you describe your personal style in one sentence If someone grabbed a random piece from your closet right now how likely is it that it would be something you love and wear regularly Our choice of clothing reflects not only our fashion sense but also our personality For example you can easily distinguish between a serious conservative business person and an artistic free spirit simply by the way they are dressed In either of these cases and everything in between the majority of people tend to either try to keep up with the latest fashion trends or they try to make a statement by breaking fashion norms Like it or not the common tendency among women is to buy clothing and accessories on a whim Although men are capable of this as well it seems to be a problem that is much more prevalent for women When we see something we like we buy it even if we don t know when or where to wear it To justify these impulse purchases we simply tell ourselves that we ll find some use for it in the future Because of this reckless habit we have piles of clothes in our closets waiting to be worn How many times have you found yourself frustrated looking for the right clothes to wear Why is it that after digging through your closet for half an hour you still can t find anything good to wear If this describes a scenario that you re all too familiar with then it s time to admit it you have a wardrobe problem that needs to be addressed immediately This may sound far fetched but a wardrobe problem can negatively affect your day by causing a great deal of unnecessary anxiety If you haven t picked

Capsule wardrobes are about personal style but they are also a more mindful and sustainable way to think about clothing. Fast fashion and our consumerist culture have tricked us into believing that we must own everything and the result is a stuffed closet full of clothes that we may never wear. While capsule collections originally produced an air of exclusivity and a designer's artistic expression most of the individuals who have now become capsule wardrobe experts got into the game because they are tired of decision fatigue and also because they want to be more sustainable. Capsule wardrobes push us to think more about whether we truly need each piece in our closet. Buy less wear more and find high quality that's the motto here. This guide will cover the most basic steps of creating a capsule wardrobe as well as the benefits of the idea. Items covered will include things that some may prefer to skip while others will spend a long time pondering how to best go about this that or the other. The perfect capsule wardrobe will change from person to person and no one can tell you otherwise.
