Ideas is a book I wrote to help you feel a little more inspired when you're feeling stuck for content. You literally get an entire year's worth of ideas that you can mix in with your own regular content whenever you feel the desire. My goal is to help you become unstuck and spark a little creativity. Being a lifestyle blogger could mean something different for many of us. Some of us blog about our home lives, some about cooking or beauty or fashion. I tried my best to make these topics appeal to a large group of different niches, and I think it's fairly easy to adapt them to your own blog demographic if you need to. I also included different types of topics to help your readers get to know you and also increase the shareability of your posts because I think that both are super important in building a following as well as traffic. From my research and experience, certain types of posts get more shares than others, so I've made sure to include handfuls of those in this book. You can jump into the book at any page in no particular order, whether you're just getting started with your blog or not. You can use the topics as is or even get a little creative and add your own spin on them. Enjoy your blogging journey! Dana Fox
