Arnold R. Steffensen, L. Murphy Johnson, 1993-11 **Lie Groups and Subsemigroups with Surjective Exponential Function** Karl Heinrich Hofmann, Wolfgang Ruppert, 1997 In the structure theory of real Lie groups there is still information lacking about the exponential function Most notably there are no general necessary and sufficient conditions for the exponential function to be surjective It is surprising that for subsemigroups of Lie groups the question of the surjectivity of the exponential function can be answered Under nature reductions setting aside the group part of the problem subsemigroups of Lie groups with surjective exponential function are completely classified and explicitly constructed in this memoir There are fewer than one would think and the proofs are harder than one would expect requiring some innovative twists The main protagonists on the scene are $SL(2, \mathbb{R})$ and its universal covering group almost abelian solvable Lie groups ie vector groups extended by homotheties and compact Lie groups This text will also be of interest to those working in algebra and algebraic geometry **Annotated Instructor's Edition Beginning and Intermediate Algebra** John Tobey, 2002

Intermediate Algebra Alice Kaseberg, 2000 Think of it as portable office hours The Interactive Video Skillbuilder CD ROM contains more than eight hours of video instruction The problems worked during each video lesson are shown next to the viewing screen so that student can try working them before watching the solution To help students evaluate their progress each section contains a 10 question Web quiz the results of which can be emailed to the instructor and each chapter contains a chapter test with answers to each problem on each test Also includes MathCue Tutorial software This dual platform software presents and scores problems and tutor students by displaying annotated step by step solutions Problem sets may be customized as desired **Beginning and Intermediate Algebra** Margaret L.
