The Effects Of Globalization On English Language Learning:

Globalization and Language Teaching David Block, Deborah Cameron, 2002-06-01 This book considers the issues globalization raises for second language learning and teaching Block and Cameron's collection shows how in an economy based on services and information the linguistic skills of workers becomes increasingly important New technologies make possible new kinds of language teaching and language becomes an economic commodity with a value in the global marketplace This has implications for how and why people learn languages and for which languages they learn Drawing together the various strands of the globalization debate this rich and varied collection of contributions explores issues such as The commodification of languages and language skills The use of new media and new technologies in language learning and teaching The effects of globalization on the language teaching industry New forms of power and resistance

Globalization in English Studies Maria Giorgieva, Allan James, 2010-02-19 Globalization the concept used to account for the multitude of linkages interconnections and interdependences that currently transcend territorial and sociocultural boundaries in the world has been in the centre of continual controversy over its meaning scope intensity and social significance for post modern societies However whether considered from the narrow angle of current socio economic developments or from the broad perspective of evolutionary processes straddling all spheres of life globalization is generally acknowledged to refer to a complex set of processes of modernization technologization liberalization and integration operationalized through language and in a language shared by all those involved For a number of geo historical socio political economic and technological reasons the language that has firmly established itself as the language of international communication is English As a result Global English takes a primary place in discussions of the effect of globalization on world societies and culture The volume Globalization in English Studies addresses the issue of how globalization impacts upon culture literature language communication and language learning and use policies which are taken to constitute the multiplex disciplinary space of English Studies Written by authors with different language cultural and theoretical backgrounds this collection of eleven chapters throws light on how global and local entities are subtly intertwined refashioned and rescaled in different geo political and sociocultural contexts The book is divided into four parts The first part Globalization in Culture dwells upon the effects of globalization in particular cultural domains and the institutional attempts in some countries at reducing its negative consequences for local practices The second part Globalization in Literature examines the impact of global integration processes on social life In particular it focuses on new developments as the hybridization and technologization of societies that tend to wipe out borders traditionally taken as reference points in building identity and a sense of belonging The third part Globalization in Language Communication focuses on intercultural communication and the opportunities different multi modal settings offer for the the realisation of intertextuality and interdiscursivity Of particular interest is how local people select appropriate and creatively utilize cultural entities designed

for global consumption to make them appear as their own The last part Global English and English Language Teaching Learning Policy approaches the issue from a pedagogical perspective and examines the changes that globalization has caused for learners learning environments and ways of speaking Ranging over a variety of domains subsumed within English Studies this collection of studies can serve as a good base for the cross disciplinary synergy of ideas and fruitful debate among scholars and practitioners with a vested interest in Global English

language in Africa while at the same time there is a growing resistance against it. Though many Africans take pride in their own cultural heritage that is expressed by their African languages, they require the economic and social benefits of English. The book presents a language dilemma in which both African languages and English enhance, inhibit, and influence each other. The data used by the authors spans a broad spectrum of sources including fiction, courts, parliamentary Hansards, House of Chiefs, classrooms, internet, roads, and bus ranks. Thus, it is reflective of the most and least educated, the most and least influential Africans. The presentations provide broad insights about African symbols, metaphors, imagery, and folklores representing undocumented literature that challenge scientific imperialism and deficit theories. The diversity and freshness of the ideas in the book stem from the unique blend of the background of the contributors: English language and literature teachers, teachers of African languages, educationalists, sociologists, historians, and politicians. Thus, the book is a valuable asset to scholars in linguistics, anthropology, and language policy makers.
