## **The European Union A Very Short Introduction John Pinder:**

The European Union Simon Usherwood, John Pinder, 2018-01-12 The European Union EU stands out as a fascinatingly unique political organisation On the one hand it has shown the potential for developing deep and wide ranging cooperation between member states going far beyond that found anywhere else in the world On the other it is currently in the throes of a phase of profound uncertainty about its viability and future Showing how and why the EU has developed from 1950 to the present day this Very Short Introduction covers a range of topics including the Union s early history the workings of its institutions and what they do the interplay between eurosceptics and federalists and the role of the Union beyond Europe in international affairs and as a peace keeper In this fully updated fourth edition Pinder and Usherwood cover the migrant crisis and the UK s decision to leave the Union set in the context of a body that is now involved in most areas of public policy Discussing how the EU continues to draw in new members they conclude by considering the future of the Union and the choices and challenges that may lie ahead ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *The European Union* Steven P. McGiffen, 2005-10-20 The political dynamics of the European Union can often appear confusing shrouded as they are in complex legislative processes This book offers a clear and thorough critical introduction to the origins development and current direction of the EU and pinpoints the major policy debates animating decision makers This revised and updated edition offers a well illustrated analysis of each of the EU s major policy areas and covers arguments both for and against the EU McGiffen explores subjects including enlargement internal and external security the Euro trade the environment employment transport and regional policy He explains how and why the debate about membership is frequently and falsely presented as if it were a conflict between nationalism and internationalism and argues instead that the EU is merely one of a number of possible solutions to the the economic and political problems facing Europe Published in association with Spectre **International History of the Twentieth Century and Beyond** Antony Best, Jussi M. Hanhimäki, Joseph A. Maiolo, Kirsten E. Schulze, 2024-09-03 Now in its fourth edition this highly successful global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward Using their thematic and regional expertise the authors have produced an authoritative yet accessible and seamless account of the history of international relations in the last century covering events in Europe Asia the Middle East Africa and the Americas They focus on the history of relations between states and on the broad ideological economic and cultural forces that have influenced the evolution of international politics over the last 120 years The fourth edition is thoroughly updated to take account of the most recent research and global developments including new material on the impact of the Trump administration on international politics the rise of China under the

leadership of Xi Jinping and the origins of the wars in Ukraine and Gaza The book is supported by a fully revised companion website including links to further resources and self testing material which can be found at [www.routledgelearning.com/internationalhistory20c](http://www.routledgelearning.com/internationalhistory20c)

International History of the Twentieth Century and Beyond Anthony Best, 2008 This major global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward Using their thematic and regional expertise the authors cover events in Europe Asia the Middle East Africa and the Americas from the last century and beyond Among the areas this book covers are the decline of European hegemony over the international order the diffusion of power to the two superpowers the rise of newly independent states in Asia and Africa the course and consequences of the major

The Cold War Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material

**Navigating the Global Stage: Understanding International Politics** Diplomat Adriana Coelho , 2024-07-05 Introduction to international politics encompasses a broad and dynamic field that examines the interactions relations and power dynamics among nations on the global stage It explores the complex web of diplomatic negotiations geopolitical rivalries economic interdependencies and security challenges that shape the international system At its core international politics revolves around the pursuit of national interests and the exercise of power by states in the international arena States seek to advance their economic political and security objectives through diplomacy alliances and strategic maneuvering often in the context of competing ideologies values and geopolitical ambitions Key themes in international politics include State Sovereignty The principle of state sovereignty asserts that states have the exclusive authority and jurisdiction over their territory government and population Sovereignty forms the foundation of the modern state system and shapes interactions between states in international relations Power and Influence Power is a central concept in international politics encompassing military capabilities economic resources diplomatic influence and soft power

States seek to enhance their power and influence to protect their interests assert their values and achieve their strategic objectives Security and Conflict Security is a paramount concern in international politics encompassing military threats terrorism nuclear proliferation and cyber warfare Conflict and violence whether interstate or intrastate pose significant challenges to peace stability and human security in the international system Diplomacy and Negotiation Diplomacy is the primary means by which states conduct their relations and resolve disputes in international politics Diplomatic negotiations summits and treaties play a crucial role in managing conflicts building alliances and promoting cooperation on global issues

**Understanding British and European political issues** Krystyna McNaughton,2018-07-30 This new edition will be essential reading for all students studying politics at A2 level as it covers the important issues as required by the main examining boards and has been specifically tailored to the brand new Edexcel Route A specification Fully updated to include the global recession and other recent political developments it looks at the important issues in British politics since 1945 It is also useful as an introductory reader for all those who are interested in the field Neil McNaughton is a seasoned writer at this level He examines on a chapter by chapter basis the key issues of British politics today economic policy the Welfare State law and order environment policy Northern Ireland issues concerning women European integration and the European Union and the impact of the European Union on Britain In each case he describes the issues in detail and places them in their political context Written in an accessible style with helpful features such as summaries definition tables and boxes to illuminate the points made and suggestions for additional reading and research this book is urgently needed as students grapple with the issues thrown up by the new examinations An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence

**Historical Dictionary of International Relations** Peter Lamb,Fiona Robertson-Snape,2017-03-21 The Historical Dictionary of International Relations is a general guide to the theory and practice of the relations between states and between states and other actors on the world stage It introduces readers to the real world operations of international relations and is thus concerned with the actual relations between states organizations groups and people It also offers introductory information about the various theories old and new that help explain these relations why they happen and the possible alternatives that might be available now or in the future Moreover some of the key thinkers of these theories are discussed The Historical Dictionary of International Relations contains a chronology an introduction and an extensive bibliography The dictionary section has over 200 cross referenced entries on real world operations of international relations the actual relations between states organizations groups and people This book is an excellent resource for students researchers and anyone wanting to know more about International Relations

*Policing Cooperation Across Borders* Saskia Hufnagel,2016-04-22 This book provides new insights into police cooperation from a comparative socio legal perspective It presents a broad analysis of comparable police cooperation strategies in two systems the EU and Australia The evolution of regulatory trends and cooperation models is analysed for both systems and possible

transferable strategies identified Drawing on interviews with practitioners in the EU and Australia this book highlights a number of areas where the EU can be compared to a federal system and addresses the advantages and disadvantages of being a Union or a federation of states with a view to police cooperation practice Particular topics addressed are the evolution of legal frameworks regulating police cooperation informal cooperation strategies Joint Investigation Teams Europol and regional cooperation These instruments foster police cooperation but could be improved with a view to cooperation practice by learning from regulatory techniques and practitioner experiences of the respective other system

**The European Union** Norris Smith,2005 Examines the EU from its formation with a discussion of the economic political and social impact of the organization upon its own members and the rest of the international community

**Modern Japan: A Very Short Introduction** Christopher Goto-Jones,2009-04-23 Japan remains something of an enigma to many a confusing montage of the alien and the familiar This Very Short Introduction explodes the myths and explores the reality of modern Japan offering a concise engaging and accessible look at the history economy politics and culture of this fascinating nation It examines what the term modern means to the Japanese debunks the notion that Japan went through a period of total isolation from the world and explores the continuity between pre and post war Japan

*The Economist* ,2001

**European Access** ,2002

**Syracuse Journal of International Law and Commerce** ,2001

**European Foreign Policy** Dieter Mahncke,2004 There is agreement in political and academic circles that the European Union needs a common foreign and security policy CFSP The question is how to move from recognised necessity to practical implementation from rhetoric to reality Many efforts have been made and indeed the creation of a European foreign policy is work in progress Bringing together a multinational team of both young researchers and established academics this volume offers a comprehensive analysis of this process uniquely combining the examination of the foundations institutions procedures and obstacles of EU level foreign policy with an extensive range of case studies exploring European policy on the ground in key areas such as the Balkans Africa or the Middle East Of use and interest to students of European politics and the general reader alike it breaks through the Eurojargon to provide a clear accessible and up to date account of this unprecedented system of international relations with a particular focus placed on the questions of why EU member states participate in the CFSP and what impact it enables them to have in geopolitics

**The Encyclopedia of the Cold War** Spencer C. Tucker,2008 A comprehensive five volume reference on the defining conflict of the second half of the 20th century covering all aspects of the Cold War as it influenced events around the world The conflict that dominated world events for nearly five decades is now captured in a multivolume work of unprecedented magnitude from a publisher widely acclaimed for its authoritative military and historical references Under the direction of internationally known military historian Spencer Tucker ABC CLIO s The Encyclopedia of the Cold War A Political Social and Military History offers the most current and comprehensive treatment ever published of the ideological conflict that not so long ago enveloped the globe From the Second World War to the collapse of the Soviet

Union The Encyclopedia of the Cold War provides authoritative information on all military conflicts battlefield and surveillance technologies diplomatic initiatives important individuals and organizations national histories economic developments societal and cultural events and more The nearly 1 300 entries plus topical essays and an extraordinarily rich documents volume draw heavily on recently opened Russian Eastern European and Chinese archives The work is a definitive cornerstone reference on one of the most important historical topics of our time Forthcoming Books Rose Arny,2004  
Boston University International Law Journal ,2003 **EU & Russia** John Pinder,2001 This work analyses the principal factors influencing relations between the EU and Russia presents the analysis in an accessible and informative manner and suggests ways in which the relations could be developed into a permanent partnership **A Reader on Second Assembly & Parliamentary Proposals** Saul H. Mendlovitz,2003
