

The background of the slide features a complex control system diagram. At the center is a rectangular block labeled 'C', representing a controller. This controller is connected to several other components: a 'P' block (likely a process or plant) to its right, a 'D' block (likely a differentiator) to its left, and a 'G' block (likely a gain or transfer function) below it. The diagram also includes various feedback loops, summing junctions, and other control elements, all rendered in a light blue color against a white background. The entire diagram is framed by a dark blue border.
