*How Camera Works* N. Chokkan,2020-05-12 Click That s the most familiar sound a modern man would recognize and smile at No No We are not talking about the computer click s here Many years before computers came into existence people used to click on their cameras From ancient days humankind has come a long way to reach the modern world today This exciting journey was filled with many innovations which changed our lives From day 1 Camera was a super hit product Everyone wanted to own a camera or at least wanted to pose for a photograph As they capture so many memories photos are treasured in every family even today According to a very famous saying a picture is worth 1000 words Instead of describing the beauty of a temple or a hill station you can show few pictures and people will get an idea immediately Photography has taken this art from kings and rich people to commoners Today anybody can own a camera and click all around Those pictures can be printed easily and shared with everyone In short Camera is changing our world as much as Fire and wheel did many years back Cameras not only look cool but the technology behind is also fascinating Get ready for this unparalleled journey
