**Human Agency in a Digital World** Marcus Fontoura, 2025-12-23 This may be the first true AI era self help book not because we need help using technology but because we need help using it well It s about building the

knowledge and the confidence to question to evaluate to choose Because understanding how algorithms work is the first step in making sure they work for us Human Agency in a Digital World is a book about reclaiming our role not as passengers but as pilots in the fast moving journey of technological change Written by a computer scientist who is also a father a teacher and a lifelong student of how things work this book is a deeply personal and accessible guide to the systems shaping our lives and how we might shape them back We are surrounded by digital agents They suggest the next song answer our questions sort our emails recommend what to watch and often invisibly shape what we think But what do we know about them And how much power do we really have to question understand or even redirect their impact In this book Marcus Fontoura explores the hidden architectures of modern life from social media and search engines to cloud computing AI and quantum technologies uncovering both how they work and what they mean Drawing from decades of experience building the backbone of the internet and cloud platforms he demystifies the core concepts that govern today s systems and offers readers a way to develop digital fluency without needing a computer science degree But this is not just a book about machines It s a book about people about how we use efficiency not just to optimize for speed or cost but to unlock creativity opportunity and well being With examples ranging from broken playlists to protein folding and reflections that move fluidly between systems thinking and everyday life Digital Agency asks us to consider a simple but profound question what do we want technology to do for us and what will we do with it in return

**The New Global Economic Order** Lili Yan Ing, Dani Rodrik, 2025-07-30 As anti globalization reshapes the world the divide between East and West developed and developing countries and North and South deepens creating new challenges for economic policy and global governance This book provides a nuanced and balanced analysis of economic transformation over the past century exploring critical themes such as structural change resource mobilization and the future of global growth Featuring insights from leading economists this volume offers expert commentary on economic transformation development strategies and the evolving global order It further examines into pressing governance questions surrounding AI green technology and the financing of health crises future pandemics and energy transitions A vital resource for economists policymakers and researchers this book provides strategic guidance on navigating global shifts and mobilizing resources to drive sustainable development in an emerging new global economic order

**Why AI Is Free: The Price We Don't See** Harsh Dubey, 2025-09-17 Why is artificial intelligence free Because the real price is hidden and far more dangerous than money In this groundbreaking and eye opening book Why AI Is Free The Price We Don t See Harsh takes readers deep into the dark side of artificial intelligence exposing the hidden trade off behind every free AI service While the world celebrates AI chatbots recommendation engines and virtual assistants as revolutionary tools the truth is unsettling nothing comes without a cost This book reveals how free AI is silently reshaping control privacy and humanity itself Through real life examples psychological insights and sharp analysis it uncovers How your personal data becomes the fuel for trillion dollar industries The subtle ways AI manipulates your thoughts behaviors and even emotions

Why Big Tech offers free AI to control markets politics and people The illusion of personalization that is really manipulation in disguise The dangers of predictive policing surveillance states and algorithmic bias What the future holds if humans blindly accept AI without questioning it More than just a warning this book is a wake up call It urges readers to see beyond the convenience of free tools and understand the real cost being paid independence privacy and the very essence of human freedom Why AI Is Free The Price We Don t See is not just about technology it is about power control and the choices we make as a society If you ve ever wondered what s truly at stake in the AI revolution this book will open your eyes to the uncomfortable truth The cost of free AI is not money it s you
