The Sergeant
Dean Calbreath, 2023-02-07 From the nobility in the kingdom of Borno to being kidnapped into slavery the inspiring life story of Nicholas Said is an epic journey through the nineteenth century that takes him from Africa to the Ottoman Empire and finally from Czarist Russia to the American Civil War becoming a sergeant in one of the first African American regiments in the Union Army In the late 1830s a young Black man was born into a world of wealth and privilege in the powerful thousand year old African kingdom of Borno But instead of becoming a respected general like his fearsome father who was known as The Lion Nicolas Said's fate was to fight a very different kind of battle At the age of thirteen Said was kidnapped and sold into slavery beginning an epic journey that would take him across Africa Asia Europe and eventually the United States where he would join one of the first African American regiments in the Union Army Nicholas Said would then spend the rest of his life fighting for equality Along the way Said encountered such luminaries as Queen Victoria and Czar Nicholas I fought Civil War battles that would turn the war for the North established schools to educate newly freed Black children and served as one of the first Black voting registrars In The Sergeant Said's epic and largely unknown story is brought to light by globe trotting Pulitzer prize winning journalist Dean Calbreath in a meticulously researched and approachable biography Through the lens of Said's continent crossing life Calbreath examines the parallels and differences in the ways slavery was practiced from a global and religious perspective and he highlights how Said's experiences echo the discrimination segregation and violence that are still being reckoned with today There has never been a more voracious appetite for stories documenting the

Ron Hess, 2003-10-29 The Dark Side of Shakespeare trilogy by W Ron Hess has been his 20 year undertaking to try to fill in many of the gaps in knowledge of Shakespeare's personality and times The first two volumes investigated wide ranging topics including the key intellectual attributes that Shakespeare exhibited in his works including the social and political events of the 1570s to early 1600s This was when Hess believes the Bard's works were being originated the earliest phases of artistry from conception or inspiration to the first of multiple iterations of writing Hess highlights a peculiar fascination that the Bard had with the half brother of Spain's Philip II the heroic Don Juan of Austria or in 1571 the Victor of Lepanto From that fascination as determined by characters based on Don Juan in the plays e.g. the villain Don John in *Much Ado* and other matters Hess even made so bold as to propose a series of phases from the mid 1570s to mid 80s in which he feels each Shakespeare play had been originated or some early form of each play then existed if not in writing at least in the Bard's imagination Thus the creative process Hess describes is a vastly more protracted one than most Shakespeare scholars would admit to the absurd notion that the Bard would jot off the lines of a work in a few days or weeks and then immediately have it performed on the public stage or published shortly thereafter still dominates orthodox dating systems for the canon Hess draws on the works of many other scholars for using topical allusions within each work in order to set practical limits for when the origination and subsequent alterations of each play occurred In the trilogy's Volume III Hess continues to amplify a heroic knight errant personality type that Shakespeare's very pen name may have been drawn from a type which envied and transcended the brutal chivalry of Don Juan This was channeled into a patriotic anti Spanish and pro British imperial spirit particularly with regard to reforming and improving the English language so that it could rival the Greco Roman Italian and French poetic traditions one upping the best that the greats of antiquity and the Renaissance had achieved in literature In fact as vast as the story is that Hess tells in his three volumes there is a huge volume of material he is making available out of print on his webpage at <http://home.earthlink.net/beornshall/index.html> and via a Volume IV that he plans to offer on CD for a nominal cost via his e-mail BeornsHall@earthlink.net Among this added material is a searchable 1
