

Successful Coaching 4th edition - Chapter 1: Developing Your Coaching Philosophy

- Philosophy:
 - Should guide you every day
 - "The pursuit of wisdom; it helps us answer fundamental questions about what, why, and how."
 - Our beliefs shape how we see things, like objects and experiences, and how we see people and our connections with them. These beliefs also decide what we think is important.
 - Having a clear philosophy can help you make tough decisions and be a better coach. It also helps with coaching by giving you direction on things like training, discipline, and goals. If you focus on both your philosophy and your technical skills, you'll become a better coach.
 - If you don't have one, you might feel lost and give in easily to what others want you to do
 - Developing a philosophy takes time
 - Philosophy consists of:
 - Main goals (the important things you value and aim to accomplish)
 - Your beliefs or principles that guide you in reaching your goals.
 - How life events can affect your coaching philosophy:
 1. You have specific ideas and values.
 2. Things happen like:
 - a. Athlete talks back
 - b. You have an opportunity to cheat
 - c. Star player gets hurt but still wants to play
 3. You react according to what you believe and the values you hold
 4. You face results because of what you do
 5. You might alter, adapt, or strengthen your beliefs and values based on what happens
 - A philosophy comes from many experiences, not just one source. It's not helpful unless you truly make it your own and take care of it
 - Approach your athletes the same way you would anyone else
 - Respect!
 - You must know who you are and then teach your athletes who they are
 - If you're clear and dedicated, you can pass these traits on to your athletes.
 - When they see you act consistently, they'll probably do the same.
 - By showing good character while coaching them through competition, you'll probably help build character in them too.
 - Be the role model for your athletes
 - Increase your self-awareness by:
 - Thinking about your own beliefs and assumptions
 - Asking others for feedback on how they perceive you and how they respond to you
 - Your three selves:
 - Ideal self
