*Programs*, 1962 **UNIDROIT Principles of International Commercial Contracts. An Article-by-Article**

**Commentary** Eckart Brödermann, 2023-05-12 The Unidroit Principles of International Commercial Contracts provide an excellent and practice proven tool for cross border contracts They constitute a neutral and pragmatic business oriented contractual regime for cross border contracts They contain multiple solutions to typical contractual questions regarding the life of a contract often by way of a compromise between civil and common law They have been referenced in hundreds of decisions of arbitral tribunals or national state courts They have been endorsed inter alia by the United Nations Commission on International Trade Law last in 2021 and the Union Internationale des Avocats 2020 bringing together through its bar association and individual members approximately two million lawyers in more than 110 countries Thirty years after their first publication it is arguably malpractice to ignore them In this fully revised and enlarged 2nd edition the commentary continues to analyse the Unidroit Principles article by article from a practical perspective while always discussing alternative courses of action where they apply The commentary includes proposals for choice of the Unidroit Principles clauses and practical guidance for their use as template or to supplement the CISG or national law In addition to arbitral and state court decisions and recent literature the 2nd edition includes an in depth analysis of extensive legislative material The author is a German practitioner with international training and familiarity with both common and civil law He has been admitted to the New York Bar and also teaches at the University of Hamburg as a Professor of Law The author is using the Unidroit Principles for more than 20 years in his commercial and arbitration practice in recent years on a daily basis in multiple industries As he shares his experience under the Unidroit Principles the commentary can also be used as a practical guide and checklist of issues to consider in international contracting Die Unidroit Principles of International Commercial Contracts sind das ideale Instrument für grenz überschreitende Verträge sie bilden ein neutrales pragmatisches und wirtschaftsorientiertes Regime für grenz überschreitende Verträge sie enthalten zahlreiche praxisnahe Lösungen für typische Vertragsfragen und versorgen dabei Civil Law und Common Law Unidroit Principles werden in zahlreichen Entscheidungen von Schiedsgerichten oder nationalen Gerichten zitiert und befürwortet von der Kommission der Vereinten Nationen für internationales Handelsrecht zuletzt 2021 und der Union Internationale des Avocats 2020 die über ihre Anwaltskammern und Einzelmitglieder rund zwei Millionen Anwältinnen in mehr als 110 Ländern vereinen Nach drei Jahrzehnten Anwendung in der Praxis kann es sich empfehlen die Unidroit Principles zu ignorieren Die vollständig bearbeiteten und erweiterte 2. Auflage des Kommentars analysiert weiterhin die Unidroit Principles Artikel für Artikel aus Sicht des Praktikers Alternative Handlungsmöglichkeiten werden dort erörtert wo sie sinnvoll und anwendbar sind Der Kommentar enthält Vorschläge für die Wahl der Klauseln der Unidroit Principles und praktische Anleitungen für deren Verwendung auch als Vorlage oder zur Ergänzung des CISG oder des nationalen Rechts Neben Schiedsgerichts und staatlichen Gerichtsentscheidungen sowie aktueller Literatur

enthält die 2. Auflage eine eingehende Analyse des umfangreichen Gesetzesmaterials. Als deutscher Praktiker mit internationaler Ausbildung ist der Autor mit dem Common Law und dem Civil Law bestens vertraut. Er ist als Rechtsanwalt in New York zugelassen und lehrt als Professor für Rechtswissenschaften an der Universität Hamburg. Der Autor wendet die *Unidroit Principles* seit 20 Jahren in seiner täglichen Handels- und Schiedsgerichtspraxis an. Aufgrund zahlreicher Berichterstattungen aus der Praxis bietet der Kommentar zugleich ein Handbuch und Checklisten zum allgemeinen Schuldrecht in grenzübergreifenden Fällen.

*The Stressed Years of Their Lives* B. Janet Hibbs, Anthony Rostain, 2019-04-23

From two leading child and adolescent mental health experts comes a guide for the parents of every college and college-bound student who want to know what's normal mental health and behavior, what's not, and how to intervene before it's too late. The title says it all: Chock full of practical tools, resources, and the wisdom that comes with years of experience, *The Stressed Years of Their Lives* is destined to become a well-thumbed handbook to help families cope with this modern age of anxiety. Brigid Schulte, Pulitzer Prize-winning journalist, author of *Overwhelmed*, and director of the Better Life Lab at New America. All parenting is in preparation for letting go. However, the paradox of parenting is that the more we learn about late adolescent development and risk, the more frightened we become for our children, and the more we want to stay involved in their lives. This becomes particularly necessary and also particularly challenging in mid- to late adolescence, the years just before and after students head off to college. These years coincide with the emergence of many mood disorders and other mental health issues. When family psychologist Dr. B. Janet Hibbs's own son came home from college mired in a dangerous depressive spiral, she turned to Dr. Anthony Rostain. Dr. Rostain has a secret superpower: he understands the arcane rules governing privacy and parental involvement in students' mental health care on college campuses, the same rules that sometimes hold parents back from getting good care for their kids. Now these two doctors have combined their expertise to corral the crucial emotional skills and lessons that every parent and student can learn for a successful launch from home to college.

**Commentaries on European Contract Laws** Nils Jansen, Reinhard Zimmermann, 2018-07-12

The book provides rule-by-rule commentaries on European contract law: general contract law, consumer contract law, the law of sale and related services, dealing with its modern manifestations as well as its historical and comparative foundations. After the collapse of the European Commission's plans to codify European contract law, it is timely to reflect on what has been achieved over the past three to four decades and for an assessment of the current situation. In particular, the production of a bewildering number of reference texts has contributed to a complex picture of European contract laws rather than a European contract law. The present book adopts a broad perspective and an integrative approach. All relevant reference texts from the CISG to the Draft Common European Sales Law are critically examined and compared with each other. As far as the *acquis communie* (the traditional private law as laid down in the national codifications) is concerned, the Principles of European Contract Law have

been chosen as a point of departure The rules contained in that document have however been complemented with some chapters sections and individual provisions drawn from other sources primarily in order to account for the quickly growing *acquis communautaire* in the field of consumer contract law In addition the book ties the discussion concerning the reference texts back to the pertinent historical and comparative background and it thus investigates whether and to what extent these texts can be taken to be genuinely European in nature ie to constitute a manifestation of a common core of European contract law Where this is not the case the question is asked whether and for what reasons they should be seen as points of departure for the further development of European contract law
