

## **ACCOUNTING PRINCIPLES**

### **A. Identifying the Applicable Accounting Principle**

1. The personal assets of the owner of a company will not appear on the company's balance sheet because of which principle/guideline?
2. Which principle/guideline requires a company's balance sheet to report its land at the amount the company paid to acquire the land, even if the land could be sold today at a significantly higher amount?
3. Which principle/guideline allows a company to ignore the change in the purchasing power of the peso over time?
4. Which principle/guideline requires the company's financial statements to have footnotes containing information that is important to users of the financial statements?
5. Which principle/guideline justifies a company violating an accounting principle because the amounts are immaterial?
6. Which principle/guideline is associated with the assumption that the company will continue on long enough to carry out its objectives and commitments?
7. A very large corporation's financial statements have the peso amounts rounded to the nearest P1,000. Which accounting principle/guideline justifies not reporting the amounts to the penny?
8. Accountants might recognize losses but not gains in certain situations. For example, the company might write-down the cost of inventory, but will not write-up the cost of inventory. Which principle/guideline is associated with this action?
9. Which principle/guideline directs a company to show all the expenses related to its revenues of a specified period even if the expenses were not paid in that period?
10. When the accountant has to choose between two acceptable alternatives, the accountant should select the alternative that will report less profit, less asset amount, or a greater liability amount. This is based upon which principle/guideline?
