regardless of the IDE that you use We ve all sneaked the odd five minutes here or there playing the latest Flash game  
that someone sent around the office but creating those games is trickier than it looks The aim of **Foundation Game Design**  
with ActionScript 3 0 is to take you even if you ve minimal multimedia or programming experience through a series of step by  
step examples and detailed case studies to the point where you ll have the skills to independently design any conceivable 2D  
game using Flash and ActionScript **Foundation Game Design with ActionScript 3 0** is a non technical one stop shop for all the  
most important skills and techniques a beginning game designer needs to build games with Flash from scratch Whether you  
re creating quick blasts of viral amusement or more in depth action or adventure titles this is the book for you Focused and  
friendly introduction to designing games with Flash and ActionScript Detailed case studies of Flash games Essential  
techniques for building games with each chapter gently building on the skills of preceding chapters Modern best practices

Programming: Overview, Getting Started, and Examples of New Concepts William Sanders,2007-01-18 ActionScript 3 0  
Programming Overview Getting Started and Examples of New Concepts is a 76 page document designed to introduce those  
familiar with general programming principles to ActionScript 3 0 ActionScript 3 0 compiles and runs much faster than  
preceding versions and the reasons have much to do with the structural changes Adobe has added You truly do need to use  
ActionScript differently than you have previously if you re already ActionScript programmer If you re new to ActionScript but  
are looking at it from a Java or C or C perspective you may be intrigued at how different ActionScript is now compared with  
what you d known it or heard it to be before This document employs reusable code examples to demonstrate the basic  
functionality of ActionScript 3 0 in the following topic areas Packages and Classes Display Programming Movie Clips and  
Buttons and Basic Structures A concluding section helps those unfamiliar with OOP Object Oriented Programming and  
Design Patterns get acquainted with these concepts as a knowledge of them will greatly benefit anyone getting into  
ActionScript 3 0 who wants to get the most out of it      **ActionScript 3.0 Design Patterns** William Sanders,Chandima  
Cumaranatunge,2007-07-16 Now that ActionScript is reengineered from top to bottom as a true object oriented programming  
OOP language reusable design patterns are an ideal way to solve common problems in Flash and Flex applications If you re  
an experienced Flash or Flex developer ready to tackle sophisticated programming techniques with ActionScript 3 0 this  
hands on introduction to design patterns is the book you need ActionScript 3 0 Design Patterns takes you step by step

through the process first by explaining how design patterns provide a clear road map for structuring code that actually makes OOP languages easier to learn and use You then learn about various types of design patterns and construct small abstract examples before trying your hand at building full fledged working applications outlined in the book Topics in ActionScript 3 0 Design Patterns include Key features of ActionScript 3 0 and why it became an OOP language OOP characteristics such as classes abstraction inheritance and polymorphism The benefits of using design patterns Creational patterns including Factory and Singleton patterns Structural patterns including Decorator Adapter and Composite patterns Behavioral patterns including Command Observer Strategy and State patterns Multiple design patterns including Model View Controller and Symmetric Proxy designs During the course of the book you ll work with examples of increasing complexity such as an e business application with service options that users can select an interface for selecting a class of products and individual products in each class an action game application a video record and playback application and many more Whether you re coming to Flash and Flex from Java or C or have experience with ActionScript 2 0 ActionScript 3 0 Design Patterns will have you constructing truly elegant solutions for your Flash and Flex applications in no time

everything from old classics such as a Missile Command style game to hot new genres such as retro evolved. The chapters build in complexity through the book and new tools are introduced along the way that can be reused for other games. The game projects covered start simple and increase in complexity as more and more tools are added to your tool chest. Ten full game projects are discussed in detail. Each solves a very different game development problem and builds on the knowledge gained from the previous project. Many advanced game development techniques are covered including particle systems, advanced controls, artificial intelligence, blitting, scrolling, and more.
