Learn to design exemplary Parallel Curriculum Units from the experts classroom teachers What is the best way to incorporate the four parallels into your Parallel Curriculum Unit How do teachers using the Parallel Curriculum Model PCM craft units based on the PCM and why do they utilize certain elements and downplay others What does a complete Parallel Curriculum Unit look like This compilation of Parallel Curriculum Units provides a close up look into the development of PCM units and how those units work in actual classroom settings The Parallel Curriculum in the Classroom Book 2 reflects a variety of Parallel Curriculum units spanning primary elementary middle and high school levels of instruction and encompassing the disciplines of social studies science art math and language arts Across each unit the authors present a framework of three essential components in an effective Parallel Curriculum Unit The big picture of grade level subject goals and standards The unpacking or step by step explanation of the unit The reasoning behind the unit design Whether using each parallel independently or combining all four parallels into curriculum design teachers will find the units included here are exemplary models for creating their own parallel curriculum units Use them as professional development tools to help plan thoughtful curriculum based upon the Parallel Curriculum Model [English Language Arts, Grade 7 Module 3A](#) PCG Education, 2015-12-14 Paths to College and Career Jossey Bass and PCG Education are proud to bring the Paths to College and Career English Language Arts ELA curriculum and professional development resources for grades 6-12 to educators across the country Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences the standards require Paths to College and Career includes daily lesson plans guiding questions recommended texts scaffolding strategies and other classroom resources Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts At each grade level Paths to College and Career delivers a yearlong curriculum that develops all students ability to read closely and engage in text based discussions build evidence based claims and arguments conduct research and write from sources and expand their academic vocabulary Paths to College and Career s instructional resources address the needs of all learners including students with disabilities English language learners and gifted and talented students This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction and Student Journals that give students learning tools for each module and a single place to organize and document their learning As the creators of the Paths ELA curriculum for grades 6-12 PCG Education provides a professional learning program that ensures the success of the curriculum The program includes Nationally recognized professional development from an organization that has been

immersed in the new standards since their inception Blended learning experiences for teachers and leaders that enrich and extend the learning A train the trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches Paths offers schools and districts a unique approach to ensuring college and career readiness for all students providing state of the art curriculum and state of the art implementation *AI and Humanity* Illah Reza Nourbakhsh, Jennifer Keating, 2020-03-10 An examination of the implications for society of rapidly advancing artificial intelligence systems combining a humanities perspective with technical analysis includes exercises and discussion questions AI and Humanity provides an analytical framing and a common language for understanding the effects of technological advances in artificial intelligence on society Coauthored by a computer scientist and a scholar of literature and cultural studies it is unique in combining a humanities perspective with technical analysis using the tools of literary explication to examine the societal impact of AI systems It explores the historical development of these technologies moving from the apparently benign Roomba to the considerably more sinister semi autonomous weapon system Harpy The book is driven by an exploration of the cultural and etymological roots of a series of keywords relevant to both AI and society Works examined range from Narrative of the Life of Frederick Douglass given a close reading for its themes of literacy and agency to Simon Head s critique of the effects of surveillance and automation on the Amazon labor force in Mindless Originally developed as a textbook for an interdisciplinary humanities science course at Carnegie Mellon AI Humanity offers discussion questions exercises including journal writing and concept mapping and reading lists A companion website provides updated resources and a portal to a video archive of interviews with AI scientists sociologists literary theorists and others Frederick Douglass Gregory P. Lampe, 1995 **The Life and Times of Frederick Douglass, Written by Himself** Frederick Douglass, 1881 *Multiculturalism* C. James Trotman, 2002 Multi culturalism Roots and Realities Edited by C James Trotman Examines the place of multiculturalism in our society The most meaningful support for multiculturalism has come from intellectuals such as those represented in this book who have discovered greater meaning about our American past by incorporating the concepts driving multi culturalism These essays engage the word and its meanings as varied as they are in an effort to add and expand on the dialogue for this ever increasingly vital concept However Multiculturalism Roots and Realities is not a book aimed at debates instead each essay generally makes use of multiculturalism as a way of examining history and social themes while providing a broader and perhaps a deeper view of 19th century American life and thought The book s general goal which in fact belongs to all of us is to recognize excellence in the cultures of the historically neglected claim excellence where it is found and position it so that it can contribute to a fuller understanding of the human condition Contributors include Susan Alves Barbara J Ballard Jeannine DeLombard Juniper Ellis Joe B Fulton Henry Louis Gates Richard E Greene Richard Hardack Julie Husband Gillian Johns Verner D Mitchell Christine Palumbo DeSimone Janet Shannon C James Trotman Matthew Wilson and Julie Winch C James Trotman is Professor of English and founding director of
