Fundamentals of Electrical and Electronics Engineering | AICTE Prescribed Textbook - English Susan S. Mathew, Saji T. Chacko, 2021-11-01 Fundamentals of Electrical Electronics Engineering is a compulsory paper for the first year Diploma course in Engineering Technology Syllabus of this book is strictly aligned as per model curriculum of AICTE and academic content is amalgamated with the concept of outcome based education Books covers six topics Overview of Electronics Components and Signals Overview of Analog Circuits Overview of Digital Electronics Electric and magnetic Circuits A C Circuits and Transformer and Machines

Each topic is written in an easy and lucid manner. A set of exercises at the end of each unit to test the student's comprehension is provided. Some salient features of the book are: Content of the book aligned with the mapping of Course Outcomes, Programs Outcomes and Unit Outcomes. The practical applications of the topics are discussed along with micro projects and activities for generating further curiosity as well as improving problem-solving capacity. The book provides lots of vital facts, concepts, principles and other interesting information. QR Codes of video resources and websites to enhance use of ICT for relevant supportive knowledge have been provided. Student and teacher-centric course materials included in the book in a balanced manner. Figures, tables, equations and comparative charts are inserted to improve clarity of the topics. Objective questions and subjective questions are given for practice of students at the end of each unit. Solved and unsolved problems including numerical examples are solved with systematic steps.

**Electrical Design Estimating and Costing** K. B. Raina, 2007

The subject Electrical Design Estimating and Costing covers an important functional area of an electrical diploma holder. The subject is taught in various forms in different states. In some states it is covered under two subjects namely Electrical Design Drawing and Electrical Estimating Costing. In some states it is taught as an integrated subject but is split into two or three parts to be taught in different semesters to cater to the needs of polytechnics of different states. The content of the course has been developed by consulting the curricula of various state boards of technical education in the country. In addition to inclusion of conventional topics, a chapter on motor control circuits has been included in this book. This topic is of direct relevance to the needs of industries and as such finds prominent place in the curricula of most of the states of India. The book covers topics like symbols and standards, design of light and fan circuits, alarm circuits, panel boards, etc. Design of electrical installations for residential and commercial buildings as well as small industries has been dealt with in detail. In addition, design of overhead and underground transmission and distribution lines, sub-stations and design of illumination schemes have also been included. The book contains a chapter on motor circuit design and a chapter on design of small transformers and chokes. The book contains theoretical explanations wherever required. A large number of solved examples have been given to help students understand the subject better. The authors have built up the course from simple to complex and from known to unknown. Examples have generally been taken from practical situations. Indeed, students will find this book useful not only for passing examinations but even more during their professional career.

**OUTCOME-BASED CURRICULUM IN ENGINEERING EDUCATION**  
EARNEST, JOSHUA, GUPTA, SHASHI KANT, 2021-11-02

Engineering education has emerged as a fast-developing discipline in itself with universities across the world opening up exclusive departments of engineering education which is also impacting the socio-economic system in India. Most of the engineering institutions in India are part of the hub and spoke

university education system unique to India Scientifically developing the Outcome based Curriculum OBC uniformly across India has been a daunting task due to the dearth of an authentic book on OBC addressing the need of the Indian Engineering Education System This being the first book of its kind in India and with OBC serving as the Constitution of Outcome based Education OBE it will go a long way to address this need The unique feature of this book is that it is replete with examples to explain the various concepts of planning designing and implementing the OBC in engineering institutions Different aspects of Outcome based Teaching Learning OBTL and Outcome based Assessment OBA are also discussed vividly Apart from the examples weaved into the lucidly written seven chapters additional examples and important formats are provided in the Annexures another unique feature of this book Every engineering UG PG or Diploma teacher would be happy to possess a personal copy of this book for 24x7 access which will help to clear their doubts as it arises then and there TARGET AUDIENCE Technical Instruction Technical Teacher Trainers Curriculum Specialists Instructional Designers Education Policy Makers What the reviewers say The technical education has to adopt Outcome Based Curriculum and there was a dire need of authentic literature which would serve as a base document for scientifically developing OBC The book reflects the expertise of both the authors who have more than 30 years of experience in industry and academics in designing and implementing different variants of OBC for various technical education programmes Such a book will serve as a reference for future generations to avoid re-inventing the wheel again and again Dr M P Poonia Vice Chairman AICTE National Institute of Technical Teacher Training and Research NITTTR Bhopal has been spearheading different forms of OBC for the last five decades in which the authors have contributed substantially Care has been taken such that this book will not only benefit the Indian engineering education system but also the engineering teaching fraternity at the international context Dr C Thangaraj Director NITTTR Bhopal
