Creativity Unleashing The Forces Within Paperback:

Creativity Osho,1999-11-30 As Osho points out in the foreword to this book historically the creative person has been all but forced to rebel against the society But nowadays the situation has dramatically changed In today s world the ability to respond creatively to new challenges is demanded of everybody from corporate CEOs to soccer moms Those whose toolbox for dealing with life includes only what they have learned in the past from their parents and their teachers are at a distinct disadvantage both in their relationships and in their careers Making a switch from imitative and rule bound behavior to creative innovation and flexibility requires a profound change in our attitudes about ourselves and our capabilities Creativity is a handbook for those who understand the need to bring more creativity playfulness and flexibility to their lives It s a manual for thinking outside the box and learning to live there as well

Meditation Osho,1997-11-15 Meditation is indigenous to all religions and this book offers 63 step by step guides to both ancient and modern techniques From ancient Buddhist Taoist Sufi and Hindu practices to Osho s own modern Dynamic Meditation and Mystic Rose Meditation these methods will help any spiritual seeker further along the path to fulfillment

The Book of Children

Osho,2013-07-16 Children have a natural authenticity and freedom a joyfulness and a playfulness and a natural creativity. This book calls for a children's liberation movement to break through the patterns and create the opportunity for an entirely new way of relating as human beings

Yoga Osho,2016-07-26 In Yoga The Science of the Soul one of the greatest spiritual teachers of the twentieth century presents the history and philosophy of this timeless health practice. Much of what is known as yoga today emphasizes physical postures and exercises to increase flexibility and help relaxation. But in fact yoga has its roots in centuries of rigorous investigation and research in the East to develop an understanding of human consciousness and its potential. In Yoga Osho explains the meaning of some of the most important Yoga Sutras of Patanjali an early scientist of the soul who is credited with being the father of Raja Yoga or the royal path of yoga that uses physical postures and breath primarily as a means to achieve higher states of consciousness. With a fresh translation of these ancient texts and unique Osho insights into the modern mind and its psychology Patanjali comes to life on the pages with an approach to using yoga for greater self understanding that is absolutely relevant to our times. An invaluable resource for beginning or experienced yoga practitioners and for anyone who seeks to better understand the intricate and powerful relationship that exists between body and mind. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India. Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world
