The Child Safety Guide for New and Expecting Parents Christian J. Bezick, 2004 You may not be aware of it but being a young child can be dangerous Children under the age of five babies toddlers and preschoolers are injured and treated in hospital emergency rooms almost twice as frequently as the U S population five and older on a per capita basis Each year approximately 1 in 11 children under age five are treated in hospital emergency rooms for injuries And for every 2 young children treated in the ER 3 are treated in doctors offices and clinics Although there are many ways in which a young child can get injured in the overwhelming majority of cases there is one common and consistent element a parent or caregiver did not recognize the danger involved Child safety is different from many other aspects of parenting The way a

young child interacts with his environment the home furniture and fixtures baby products must be fully understood in order to make his environment safe Fortunately most injuries are easily preventable when parents learn the child safety basics and become aware of the many subtle and unforeseen dangers facing their children The Child Safety Guide for New and Expecting Parents enables parents and caregivers to learn about these important and critical elements essential for providing a safe environment for their children Topics covered include childproofing car seat selection use and installation child products product recalls and hazards water choking window poison which face our children daily The content was selected to provide the most important information available to keep young children safe and focuses on safety issues for children from 0 to 5 years of age The book was designed and organized for the sleep deprived and over worked parent We have used a larger than normal type face to go easy on the eyes sleep deprived eyes and have included many illustrations to visually portray safety concepts The use of this book can and will go a long way in helping to reduce the many avoidable child injuries that occur daily throughout the U S
