## **Bengali Language And Literature Vol 2:**

The Girl Child in the Life, Lore and Literature of Bengal Nivedita Sen, 2024-10-21 Contemporary children's literature in Bangla celebrates irreverent defiant and deviant boys whose subversive doings critique the parenting and schooling they go through while the girl child is neglected and marginalised. The rare fictional girls who show resilience and demand a normal childhood are consciously silenced or contained and assimilated within unwritten masculinist norms. This book a compilation of translated works of the author critic and academic Sibaji Bandyopadhyay focuses on gender and childhood in Bengal. The book includes a translation of his Bangla Shishusahityer Chhoto Meyera Little Girls in Bangla Children's Literature as well as a translated essay on Thakurma Jhuli Grandma's Sack a collection of Bangla folk tales and fairytales from early twentieth century that underscores the subaltern role of adolescent female characters with hardly any agency or voice in the oral legends and folklore of Bengal. The translation of the piece An Incredible Transition from Bandyopadhyay's Abar Shishushiksha On Children's Education Again applauds the role of Indian social reformers and British educationists in initiating women's education in Bengal while questioning the erasure of protagonists who are girls in the nineteenth century primers. Interrogating gendered constructions in diverse genres of literature while revisiting the subject of female education this book will be of interest to students of children's literature comparative literature popular literature gender studies translation studies culture studies and South Asian writings.

Land of Two Rivers Nitish K. Sengupta, 2011 Land of Two Rivers chronicles the story of one of the most fascinating and influential regions in the Indian subcontinent. The confluence of two major river systems Ganga and Brahmaputra created the delta of Bengal an ancient land known as a center of trade learning and the arts from the days of the Mahabharata and through the ancient dynasties. During the medieval era this eventful journey saw the rise of Muslim dynasties which brought into being a unique culture quite distinct from that of northern India. The colonial conquest in the eighteenth century opened the modern chapter of Bengal's history and transformed the social and economic structure of the region. Nitish Sengupta traces the formation of Bengali identity through the Bengal Renaissance the growth of nationalist politics and the complex web of events that eventually led to the partition of the region in 1947 analyzing why despite centuries of shared history and culture the Bengalis finally divided along communal lines. The struggle of East Pakistan to free itself from West Pakistan's dominance is vividly described documenting the economic exploitation and cultural oppression of the Bengali people. Ultimately under the leadership of Bangabandhu Mujibur Rahman East Pakistan became the independent nation of Bangladesh in 1971. Land of Two Rivers is a scholarly yet extremely accessible account of the development of Bengal sketching the eventful and turbulent history of this ancient civilization rich in scope as well as in
